

FUEL & LUBE TRAILERS

STAY PRODUCTIVE WITH ONSITE SERVICE

Stellar® Fuel & Lube Trailers Keep Equipment On The Job

MINIMIZE EQUIPMENT DOWNTIME

With Stellar FuelMate® Fuel Trailers and LubeMate® Lube Trailers, you can perform refueling, lube services and preventive maintenance right in the field, eliminating the need to transport equipment away from the job. With a range of sizes to choose from, you can maximize productivity whether you operate one piece of equipment or a huge fleet.

ECONOMICAL & RELIABLE

Stellar Fuel Trailers and Lube Trailers offer a practical and cost-effective option, providing flexibility without the need for a dedicated fuel or lube truck. You can leave your trailer on the job and use your truck for other needs. Or you can use the highway-speed capabilities to cover the needs of several job sites or fields in a day.

FUEL TRAILERS

Haul fuel to your equipment with ease. The fuel tanks on Stellar Fuel Trailers are independently mounted on the frame with spring-loaded bolts for vibration control, and walking axles distribute weight evenly across both axles. It all adds up to a smooth ride.

FuelMate Economy Trailers

Available in 500-, 750- and 990-gallon capacities. 100-gallon DEF tank (optional).

FuelMate Deluxe Trailers

Available in 500-, 750- and 990-gallon capacities. Added structural support for durability and a smoother ride. 100-gallon DEF tank (optional).

FuelMate Multi-Tank Trailers

Available with six or eight 110-gallon tanks, including the option to include a dedicated 110-gallon stainless-steel diesel exhaust fluid (DEF) tank to help meet environmental compliance goals. Thanks to the unique design, CDL hazmat certification is not needed.

LUBE TRAILERS

Stellar Lube Trailers come in open or enclosed models, offering flexibility to meet various preventive maintenance and service needs. They come with standard tanks and reels, with options for additional storage tanks and reels in different sizes and lengths.

LubeMate Open Trailers

The open array provides quick access to all equipment and supplies so you can get right to work. Models include up to four 100-gallon fresh oil tanks, a 75-gallon stainless-steel antifreeze tank, a 250-gallon salvage oil tank, and a 120-lb grease kit.

LubeMate Enclosed Trailers

The enclosed design protects reels and equipment from weather and dirt as well as improves security. Includes three 100-gallon fresh oil tanks, a 100-gallon stainless-steel antifreeze tank, a 200-gallon waste oil tank, and a 120-lb grease kit.

“

Having a fuel trailer has increased our efficiency tenfold. Before we had the trailer, we'd drive all our equipment back to the farm morning and night to service and refuel it but now we do all that onsite.
