STELLAR | NACD REBATE PROGRAM

RECOGNIZING NACD MEMBERS FOR

DELIVERING STELLAR PERFORMANCE

Stellar is proud to introduce the Stellar | NACD Rebate Program – designed to reward NACD members who use Stellar® equipment to help their customers stay productive and on the job.

For years, NACD members have relied on Stellar products to keep fleets running – from the field to the jobsite and everywhere in between. Whether it's a quick repair or routine maintenance, they help deliver the dependable service customers expect.

By choosing Stellar, you're helping boost productivity, reduce downtime and keep equipment performing at its best. This program is our way of saying thank you for choosing us as your service partner.

HOW THE PROGRAM WORKS

REGISTER YOUR PURCHASE

To receive your rebate, simply submit your qualifying purchase details through Stellar's NACD Rebate Program web page.

The online form allows you to:

- + Submit your purchase information.
- + Provide your Sales Order Number (this is the same as your unit serial number).
- + Confirm delivery details.

By registering for the rebate, your equipment is also enrolled in Stellar's extended warranty program – providing two full years of coverage from the in-service date on parts and repair.

No login is required. The landing page is accessible directly via a dedicated program link. Once submitted, Stellar will verify your purchase and track your rebate eligibility internally.

ELIGIBILITY MADE SIMPLE

This program applies to qualifying Stellar products purchased and scheduled to be delivered between January 1 and December 31.

- + Orders placed with an original delivery date within that same year but delivered after January 1 of the following year will still count toward the year in which the order was placed.
- + Orders placed in one year but scheduled for delivery the following year will count toward that following year.

PROGRAM START DATE: JANUARY 1, 2026

The Stellar | NACD Rebate Program is designed as an ongoing annual initiative, rewarding qualifying purchases made each year between January 1 and December 31. NACD members can look forward to continued opportunities to earn rebates as their partnership with Stellar grows.

Straightforward Payouts

Rebates will be calculated based on submitted and verified qualifying purchases and paid directly to NACD members by the end of the first quarter following the program year.

Payment Options

Stellar will accommodate each member's preferred payment method. Incentive payments can be issued either by check or wire transfer to the member's primary business account, or applied as a credit to the member's account once annual sales data has been finalized.

Additional Details

- + Purchase registration through the Stellar | NACD Rebate Program landing page is required to qualify.
- + Members must submit the Sales Order Number (serial number equivalent) for each qualifying unit.
- + There is no maximum annual rebate limit. Members will earn incentives based on all qualifying purchases within the program year.

- + Stellar reserves the right to modify or discontinue this program at any time.

QUALIFYING EQUIPMENT

MECHANIC TRUCKS THAT DELIVER MORE

A qualifying mechanic truck is defined as a Stellar body paired with a Stellar Service Crane – the proven combination for strength and reliability in the field. While only the body and crane are required to qualify, Stellar’s full line of accessories – from air compressors and lube skids to toolbox systems and more – makes it easy to create a complete, turnkey service truck.
