

EFFICIENT, ECO-FRIENDLY WASTE COLLECTION

Streamline Waste Management with Stellar's Refuse Hopper

Stellar's Refuse Hopper offers a compact yet powerful solution for waste collection in areas where traditional garbage trucks cannot reach. Designed for efficiency, this eco-friendly system simplifies trash disposal while providing easy maneuverability in tight spaces. With a 2-cubic-yard poly hopper and a hydraulic dump system, it makes waste management faster and more effective in a wide range of applications.

KEY FEATURES:

- **Hydraulic-powered dump system:** Ensures quick and easy trash disposal with minimal effort.
- **Maneuverable design:** Perfect for navigating areas with limited access where traditional trucks can't go.
- **Electric vehicle compatibility:** Operates efficiently with electric-powered vehicles, offering an environmentally friendly alternative to traditional garbage trucks.
- **Optional hydraulic-powered can tipper:** Lifts and dumps trash containers directly into the hopper for added convenience.
