Target Market Determination

Everyday Transaction Accounts

A Target Market Determination (TMD) is a document which describes who a product is intended to be appropriate for based on a consumer's needs, financial situation and objectives (target market). A TMD is not a product disclosure statement and is not a full summary of the product features or the terms of the product.

It helps us make sure we're keeping customers at the center of our approach to the design and distribution of our financial products. The design and distribution obligations are intended to help consumers obtain appropriate financial products by requiring issuers and distributors to have a consumer-centric approach to the design and distribution of products. A TMD describes any conditions around how the product can be distributed to customers. It also describes the events or circumstances where we may need to review the TMD.

Products	<ul style="list-style-type: none">• Everyday Access• Pension Access• Basic Access
Issuer	Bank Australia Limited ABN 21 087 651 607 AFSL/Australian Credit Licence Number 238431
