

Small Pressure Reservoirs

Type ST

Small pressure reservoirs
For various simple applications

In addition to the standard pressure Reservoirs series ST, special and custom versions can be supplied for all types of requirements. All small pressure reservoirs are exclusively made of stainless steel 303, 304 or 316.

This ensures that the material contents are not contaminated by corrosion. If required, different surface finish can be supplied.

All models can also be fitted with air agitators, low level sensor and additional ports.

Technical data - Standard Pressure Reservoirs					
Type	1000ML-ST*	2000ML-ST*	5000ML-ST*	1000CL-ST*	2500CL-ST*
Max. working pressure (psi/bar)	100/6.9	100/6.9	100/6.9	100/6.9	100/6.9
Capacity (Litres)	1	2	5	10	25
Weight (kg)	2.4	3.1	5.7	15.5	32.1
Body Inner Diameter (mm)	100	100	148	200	270
Body Outer Diameter (mm)	104	104	154	206	280
Overall Height (mm)	225	360	406	484	542
Overall Width (mm)	182	182	202	237	338
Height without Lid (mm)	145	280	326	380	484

* Only available in stainless steel 303, 304, and 316
