

EDGE

SERIES

SMALLER LAWNS ALSO DESERVE BIG PERFORMANCE.

Comfort, durability, and Zero-Turn versatility are all wrapped up in a manageable, compact design. The EDGE's high-impact graphics announce to your neighbors that you take pride in your lawn, while at the same time remind them why yours is always the best-looking one on the block.

7-POSITION HEIGHT OF CUT

A foot operated deck lift system makes cutting height adjustments a breeze. Hand lever can adjust the deck in 1/2" increments.

BOLD GRAPHICS

Graphics deliver a high "wow factor" at first glance and beyond. They quickly tell the world this is not just any ordinary mower.

DEPENDABLE POWER

Briggs & Stratton® V-Twin or Kawasaki® V-Twin engines are reliable and always ready to tackle the weekend mow and more.

COMFORT

The high-back seat with natural airflow enhances operator comfort while keeping you cool.

MOWER DECK

Choose from a 34" stamped deck, sized to fit through standard gates and handle medium-sized lawns, or commercial-inspired 42" and 52" 11-gauge fabricated decks.

WIDE REAR TIRES

Three different EDGE models each offer a different width for a smooth ride. Plus, the wider the tire, the less turf tear.
