

iQ™ 10 Charging Station with USB-C PD

Quickly charge, store,
secure and transport up to
10 iPad or tablet devices.

iQ 10 Charging Station with USB-C PD Specs: 405 mm (L) x 320.5 mm (W) x 410 mm (H) | 14.25 kg

LocknCharge makes life easier.

Baskets by LocknCharge. These aren't your typical picnic baskets. Slotted device Baskets by LocknCharge make device deployments faster, safer and more efficient.

Organised Cables. Minimise cord chaos by keeping cables secure once and for all. Cables stay organised in the unique top channel, allowing you to plug in devices quickly after each use. Excess from each cord is stored in a separate compartment, keeping your station neat and tidy.

Efficient Power Delivery (PD) Charging. Quickly charge 10 devices at once at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast charging technology that delivers much higher levels of power than standard charging when connected to a supported device.

Wall or Desk Mountable. iQ 10 Charging Stations with USB-C PD are designed to adapt to your surroundings. Transform any wall or counter into a secure area for charging mobile devices while taking up only minimal space.

Faster, Smarter Workflow

Save Time, Save Money.

Our goal is to save you valuable time, each and every day, thus saving you some serious money. Our Baskets enable hand-out and pack-up of devices in less time, allowing you to forget about charging and focus on your goals.

Faster Charging with USB-C PD.

Get devices charged and back to use faster than ever before. Together, USB-C and PD (Power Delivery) are the dream team that delivers the fastest possible charge to PD-compatible devices.

Additional Key Benefits

Lifetime Warranty. iQ 10 Charging Stations are fully backed by a lifetime warranty on the main frame, electrical and all other components.*

World-Class Customer Support. Our helpful and friendly Customer Support team will promptly assist with any product issues or questions that may arise.

Compatible & Efficient.¹ Includes two small Baskets to hold devices up to 11" as well as a plastic device rack for storing larger iPads or tablets, with or without cases. With 30W of power at each USB-C port, you can simultaneously charge 10 devices as fast as possible.

Future Proof. Think inside the box, and you won't be stuck with a bunch of outdated Charging Stations. Removable racks and Baskets allow this station to adapt to future needs as devices change or new technology is added.

Distribute devices up stairs or over rough terrain. Baskets by LocknCharge allow you to share and safely distribute devices between multiple locations within your facility. The Baskets are interchangeable with LocknCharge Carts that use the same Small Basket ecosystem.

Small Footprint. Easily place the Charging Station on a counter or mount it to the wall. Either way, they take up minimal space.

Secure. Protect your device investment without worry. Lock away devices behind a fully-welded steel storage area. A high-quality, stainless steel padlock and keys secure devices when not in use.

Tough as Nails. Stations are made with high-quality, welded steel and are backed by a lifetime warranty.
