

CarryOn Charging Station with USB-C PD

Quickly charge, store,
secure and transport up to
5 iPad or tablet devices.

PC Locs makes life easier.

Ultra Mobile, Ultra Portable. The CarryOn is the most portable charging station on the market. Its compact design coupled with a built-in handle makes transporting and distributing devices easier than ever before.

Organised Cables. Minimise cord chaos by keeping those cables secure once and for all. It's virtually impossible to tangle the charging cables in the CarryOn Charging station. The cords are just the right length to reach each device.

Efficient Power Delivery (PD) Charging. Quickly charge 5 devices at once at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast charging technology that delivers much higher levels of power than standard charging when connected to a supported device.

Wall Mountable. The CarryOn is designed to adapt to your surroundings. It includes a handy wall mounting kit designed to transform any wall into a secure area for charging mobile devices while taking up only minimal space.

Ultra-Mobile, Ultra-Efficient

Save Time, Save Money.

The CarryOn enables employees to quickly and easily locate fully-charged mobile devices at the beginning of every shift. Because of the simple cabling and short cords, they're also able to plug in devices very quickly, saving valuable time.

Faster Charging with USB-C PD.

Get devices charged and back to use faster than ever before. Together, USB-C and PD (Power Delivery) are the dream team that deliver the fastest possible charge to compatible devices.

Additional Key Benefits

Lifetime Warranty. The CarryOn Charging Station is backed by a lifetime warranty.*

World-Class Customer Support. Our helpful and friendly Customer Support team will promptly assist with any product issues or questions that may arise.

Efficient Power Delivery. Charge 5 devices at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast charging technology, supported by certain devices.¹ This is done by negotiating the optimal charge rate with each device connected to the CarryOn Charging Station. This means less time charging, and more time using your devices!

Taking Portability to the Next Level. The CarryOn holds up to five devices, together with all the charging hardware and cables in one clean, compact unit.

Efficient Setup and Cable Management. Efficiently set up your station while keeping cables organised during use. The rubber retention system firmly hold cables in place without causing damage.

Small Footprint, Big Power. You don't have space to waste? That's why the CarryOn fits anywhere—mounted on the wall or tucked in a corner.

Compatible. The CarryOn Charging Station with USB-C PD is compatible with the latest USB-C devices. The CarryOn can accommodate most iPad and Tablet devices with or without cases. Please check dimensions for compatibility.¹

Secure. The CarryOn includes a keyed lock, aluminum outer shell and impact resistant alloy edging to keep devices safe, secure and protected.

Neat and Tidy. A cable at the back of the unit plugs into main power, then wraps around the cable cleat when you're on the move. The transparent door allows you to quickly check that all devices have been returned.

Functional Design. More than just a pretty face. Form meets function with this sleek and durable design, topped off with an aluminum handle for comfortable and easy carrying.

CarryOn with USB-C PD Specs: 313 mm (L) x 183 mm (W) x 303 mm (H) | 2.5 kgs
