Numbered Slots. By assigning each device its own slot number, it's easy to know which devices are missing at the end of the day with only a quick glance inside the Charging Station.

Kiss Those Tangled Cords Goodbye. It's virtually impossible to tangle the charging cables in the Putnam 18-C Base Charging Station. The cords are just the right length to reach each device—no more, no less, no mess.

Organized Cable Management. The Putnam 18-C Base Charging Station has a removable side panel to easily access power bricks. The Power Module is pre-fitted with elastic straps for holding your power bricks in place, while neatly routing cables through to each shelf and is removable and replaceable for future upgrades.

No Keys to Worry About. With an integrated mechanical combination lock, there are no keys to worry about. In the event of a forgotten combination, we've included a master override key.
