

CarryOn™ Charging Station with USB-C PD

Quickly charge, store, secure and carry up to five iPad® or tablet devices.

It just makes life easier.

Take Devices Anywhere You Go

The CarryOn is the most portable charging station on the market. Its compact, lightweight design, coupled with built-in handle, makes transporting and distributing devices easy.

Time to Get Organized

It's virtually impossible to tangle the charging cables in the CarryOn Charging Station. The cords are just the right length to reach each device.

Charge Devices Faster than Ever

Quickly charge 5 devices at once at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast charging technology that delivers much higher levels of power than standard charging when connected to a supported device.¹

Save Space When Storing Devices

The CarryOn fits just about anywhere. It also includes a handy wall mounting kit so that you can transform any wall into a space for storing devices. An optional padlock secures the station to the wall mount.

Additional Time, Space and Money-Saving Features

 **Next-level portability.** Holds up to five devices and cables, in one clean, compact unit.

 **Compatible.** Accommodates most iPad and tablet devices with or without cases.²

 **Efficient setup and use.** Efficiently set up your station while keeping cables organized during use. The rubber retention system firmly hold cables in place without causing damage.

 **Secure.** Includes an integrated keyed lock, aluminum outer shell and impact-resistant alloy edging to keep devices safe, secure and protected.

 **Neat and tidy.** The main power cable at the back of the unit wraps around the cable cleat when you're on the move.

 **Device visibility.** The transparent door allows you to quickly check that all devices have been returned.

 **Robust Warranty.** Should any issues arise, our products are backed by a robust warranty and supported by a dedicated customer support team.³

 **World-class Customer Support.** Our helpful and friendly Customer Support team will promptly assist with any product issues or questions.
