

# Need a loaner device?

Check one out here using your Student ID or Assigned PIN number!

## Check Out a Loaner Device:

-  Choose any bay that's lit up **green**. A green light indicates that the device inside is **available**.
-  Enter the **bay number** and press **OK**.  
**Remember your bay number!**
-  When asked for a PIN, enter your **student ID** or **assigned PIN** number and press **OK**.
-  If correct credentials were entered, door will **automatically open**.
-  **Unplug** the loaner device and **take it out** of the bay.
-  **Firmly close the door.** The light will turn **white**, indicating bay has been **reserved** for a return.

## Return a Loaner Device:

-  **Recall the bay number** that you originally accessed your device from in Step 2.
-  Enter the **bay number** and press **OK**.
-  When asked for a PIN, enter your **student ID** or **assigned PIN** number and press **OK**.
-  If correct credentials were entered, door will **automatically open**.
-  **Place the loaner inside** and **plug it in** to the cable inside the bay.
-  **Firmly close the door.** The light will turn **green**, indicating "**good to go!**".

## Cloud Setup Cheat Sheet

Assign group(s) to all the bays.

Assigned group members can then access any available (green) bay.
