

Fundraising Tips

FOR SPORTING CLUBS

1. Create your Sustainability Team

- ✓ Determine who at your club can help organise returns, encourage community support and strategically place bins. Be clear on each person's role!

2. Source your bins

- ✓ Grab your bins and posters from our online shop.
- ✓ Email your local refund point or getinvolved@warrri.com.au for setup support.

3. Set up your bins for success

- ✓ Maximise returns by placing Containers for Change bins next to all general waste bins, behind the bar, and in locker rooms.
- ✓ Avoid contamination by ensuring bins are placed next to general waste bins.
- ✓ If need be, use a Secure-A-Bin lock from our online store to further reduce bin contamination and container theft.
- ✓ Reduce container theft by storing your bins away when not in use.

4. Make returning easy

- ✓ Use the Containers for Change Collect app for on-demand pickups—available in most metro areas.
- ✓ Head to our website to find your nearest refund point's contact email. They may be able to help with regular collections!

5. Pick a 'club cause'

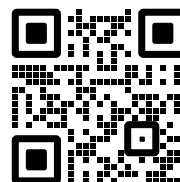

- ✓ Support individual teams or community initiatives by fundraising for equipment, merch and infrastructure; social events or team days; and support for injured players.

6. Maximise your fundraising

- ✓ Share your Member Number in club newsletters and on socials to receive donated refunds from your community.
- ✓ Ask local businesses, like cafés and restaurants, if they would like to get involved by donating their refunds to your cause.

Game-day Tips

FOR SPORTING CLUBS

Pre-game tips

Place your fundraising and education signage near bins and in key areas. Head to our online store to find everything you need.

Get your community on board by sharing your member number and 'club cause' on your socials.

Make a meaningful partnership with your local refund point operator. They may be able to help with bin setup and regular collections!

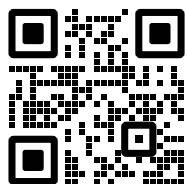

Game-day support

Consider using 240L bin liners at first. This makes for easy collection or drop off until ongoing arrangements with your local Collect provider or depot can be made.

Ensure bins are appropriately placed to avoid contamination.

Don't let containers go to waste! Monitor bins and swap out fulls ones.

Help champion Containers for Change at your club by correcting disposal habits on the day.
