

# Dynamic Currency Conversion

Good for you.  
Great for your customers.

## We make currency conversion easy

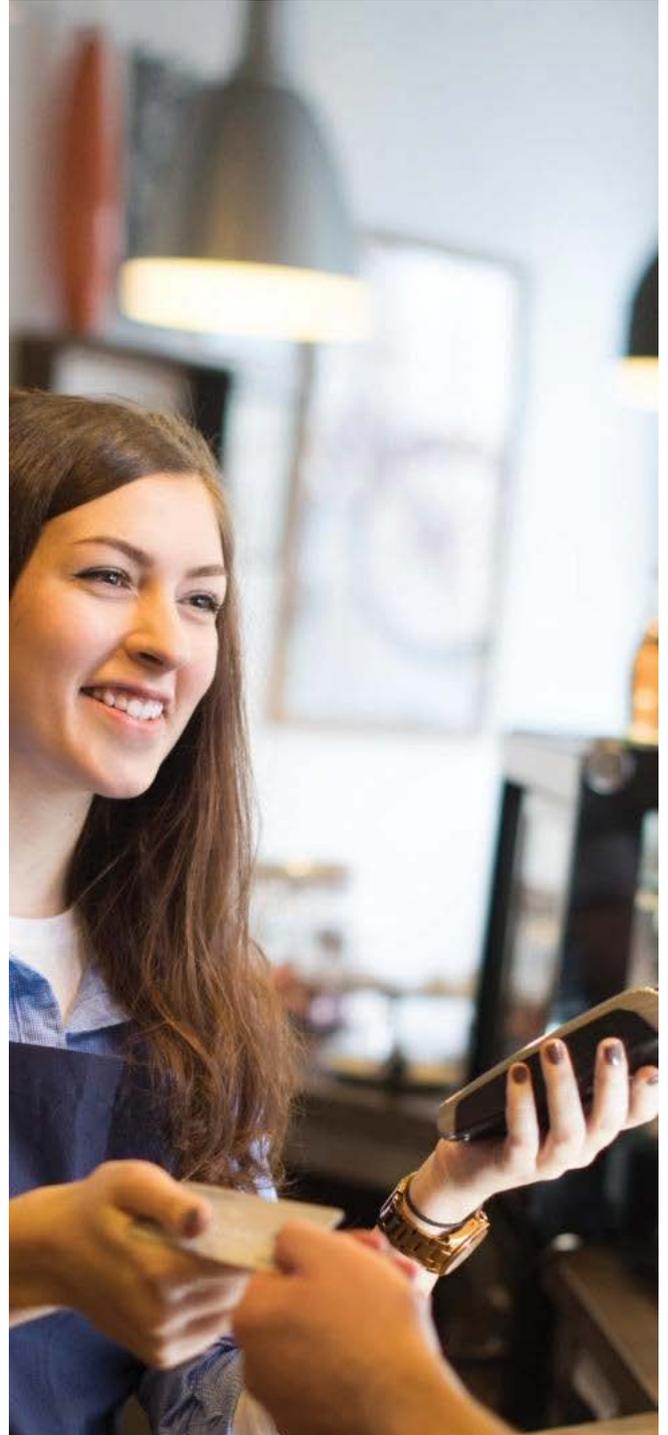

Ensure your customer knows the benefits of DCC when the opportunity to pay in their home currency is offered on the terminal:

- The value is shown as the 'Final Price' in their currency
- The price is calculated at 'Today's Exchange Rate' and will not change

## Why should you recommend DCC to your customers?

“ DCC allows you to see the purchase price in your home currency so it's easier to understand. ”

“ By accepting DCC and paying in your home currency you get today's exchange rate locked in so you can have certainty in the final purchase price. ”
