A close-up photograph of a person's hand holding a blue Bank of Ireland Visa Debit card over a black Ingenico payment terminal. The card displays the number 4319 4042 9718 0004, the name MR. A. MCZVBY, and the expiry date 05/17. The terminal has a keypad with various colored buttons (red, yellow, green, blue) and a small screen. The background is blurred, showing what appears to be a food counter.

Quick Reference Guide

Merchant ID: _____

Terminal ID: _____

Carrying out a transaction

Regular Card Sale

Passwords

Passwords can be added to refunds and settlements if required.

Terminal Rolls

To find out information about terminal roll sizes and costs please visit www.shop4rolls.ie/BOIPA

Chargebacks

Card transactions are sometimes disputed by the cardholder or the card issuing bank, for example goods not received, transaction not recognised or authorised. When this happens we may contact you requesting further information.

If you are not able to supply the information requested by us or in the timescales we specify then it is likely that this may turn into a chargeback which you may be held liable for, even if you have proof that the transaction was genuine.

Where there is a valid chargeback we will write to you to let you know and BOIPA will debit your nominated bank account with the value of the disputed transaction,

quoting the same unique reference number as in the chargeback letter. Our **Managing Chargebacks Guide** can be found in the **Merchant Resources** section of our website.

Referrals

Authorisation and referrals are ways of checking that at the time of taking the transaction the card has not been reported lost or stolen and that there is enough money in the account to cover the purchase. In the case of a referral:

- ▶ The terminal will prompt you to make a manual authorisation call after the card holder has entered their PIN
- ▶ You must telephone BOIPA Customer Support to obtain the authorisation code
- ▶ When prompted key the authorisation code into the terminal

Contactless

Contactless is an increasingly popular method of payment and all BOIPA POS terminals have contactless functionality. Contactless cards enable purchases under €50 to be completed by tapping the card over a Contactless reader on the enabled terminal. This improves customer payment experience, speeds up transactions and helps retailers to remove cash from their business.

Apple / Android Pay

All BOIPA terminals support Apple and Android pay. To pay, the customer just holds their Apple or Android device near the contactless terminal reader with their finger on Touch ID.

Dynamic Currency Conversion

DCC is an easy and simple way to offer your international customers transparent payment solutions. DCC allows customers with international debit/credit cards the opportunity to pay in their own currency rather than in the local currency where they are making the purchase.

What are the benefits of offering DCC?

- ▶ Cardholders know exactly how much they are spending without the need to figure out currency conversions
- ▶ DCC allows full transparency on foreign exchange rates
- ▶ Adding DCC to your terminal is completely FREE
- ▶ Improved customer service for international customers
- ▶ Earn a rebate from each DCC transaction that you process

Cards Accepted

VISA

*American Express

BOI Payment Acceptance have an established relationship with Elavon in order to enable American Express on BOIPA terminals. To enable AMEX on your BOIPA terminal, please call **1800 995 085**. Elavon/AMEX will email you the paperwork to sign and send back in via email or fax. Once the paperwork is received it will take 5-7 business days to process.

The fee for enabling AMEX on your terminal is €99 – this is an Elavon charge applied to any business looking to accept American Express. It will be collected the first month the account is open i.e. if the account is open prior to the 16th of the month it will be charged in that month and after the 16th it will be the following month.

If you are a Bank of Ireland customer you will receive your funds the next banking day after they are processed and non-Bank of Ireland customers will be 2 banking days after.

Other Cards

We will be launching acceptance of JCB, Diners Club International and Discover Network cards in the near future. You will be notified when acceptance of these cards has been made available.

PCI Compliance

In order to protect your business from the threat of card fraud each BOI Payment Acceptance customer may be requested to attest, or certify, their PCI DSS compliance on an annual basis.

In partnership with Sysnet we have created a **Simple PCI DSS** online portal which will guide you through the stages of becoming PCI DSS compliant. By validating your compliance through the portal you can avoid the fines, fees and reputational damage associated with a breach. In line with our transparent pricing there is no fee for becoming PCI compliant.

BOIPA Simple PCI DSS – 3 Step Approach

1. Merchants logon to the Simple PCI DSS Portal and answer some questions
2. Merchants are assisted in understanding how to protect their business
3. Merchants will finally be asked to validate and confirm their compliance

If further information on PCI DSS is required please refer to the **Simple PCI DSS** Guide in the **PCI section** of the BOIPA website.

Gift Cards

BOIPA terminals accept One 4 All and From Me 2 You Gift Cards. In order to accept the Gift Cards you simply contact the Gift Card companies and they will walk you through the setup. You will need your Merchant ID to enable your account. The gift cards are Mastercard cards so they will process like any other Mastercard transaction and payments may also be accepted through your website. The gift card transactions will be reported as MasterCard transactions on your card terminals or website

How do I perform a gift card sale?

Swipe the card through the magnetic stripe reader and follow the instructions on the card terminal. If the card is not accepted please contact the relevant Gift Card companies to ensure the Merchant ID is correctly setup. Funds will be received as usual. If you wish to have POS merchandise and window decals please contact the Gift Card companies directly.

Business Resource Centre

The Business Resource centre is an online portal set up to help you monitor your account. In the BRC you can view daily transaction details, statements and monthly account billing.

In order to access your account you will need to create a Username and Password. On successfully signing up to BOIPA you will receive a welcome email from our customer support team. This email will provide details of your customer number. You need your customer number and the last 4 digits of your bank account in order to create a BRC account. If you need further information regarding the Business Resource Centre please refer to our BRC guide on the BOIPA website.

You can log into the BRC through the homepage on the BOIPA website (www.boipa.com) by clicking the sign in button on the top right corner. Then click the BOIPA Online Reporting link and you will be brought to the BRC login page.

To Log into Your BRC

1 Click Sign in

2 Click BOIPA Online Reporting
