

Setting Up a Child Account on Your QuickTalker Freestyle

To comply with the App Store Accountability Act while using the QuickTalker Freestyle, you'll need to create a child account linked to your parent account with parental controls and obtain parental consent for app downloads and in-app purchases. This guide walks you through setting up a child account on your personal iPhone, then signing your child into the QuickTalker Freestyle device.

What You'll Need:

- Your **iPhone** or **iPad** with **iOS 16** or later.
- Your **personal Apple Account** and **password**.
- A **credit card** or **payment method** (for managing purchases and subscriptions and age verification).
- The **QuickTalker Freestyle** device.

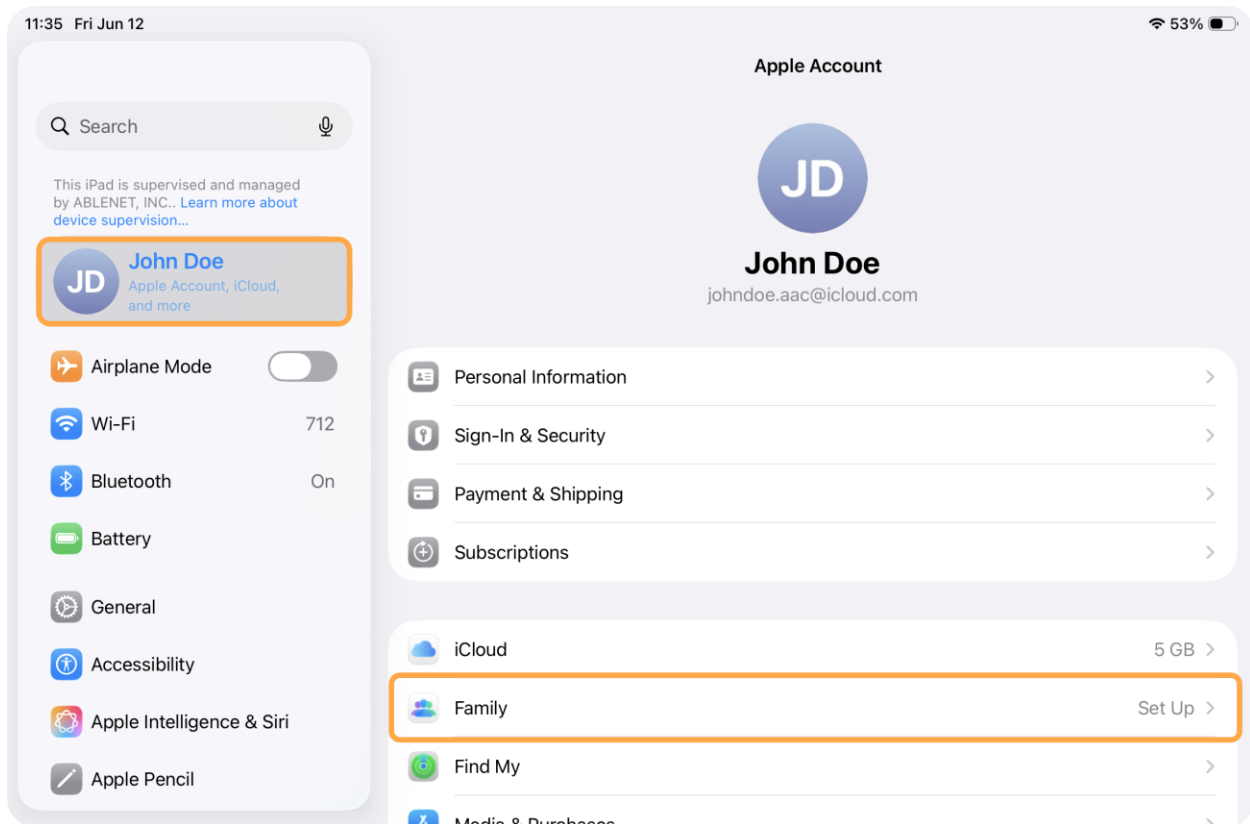

Part 1: Set Up Your Parent Account (If you don't have one already)

1. Open **Settings** on your **personal iPhone or iPad** and tap your name at the top.
2. Verify that your **personal Apple Account** is active. Make sure you're signed in with the **Apple Account** you want to use as the **Parent Account**.
3. **Enable Two-Factor Authentication (if you haven't already):**
 - Tap "**Password & Security**".
 - Tap "**Two-Factor Authentication**" and ensure it's turned on.
 - This protects your account and is required to manage a **Child Apple Account**.

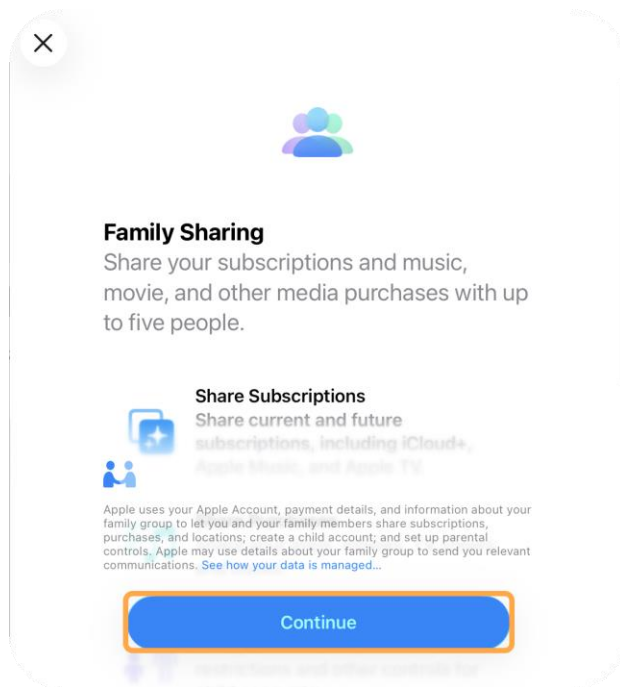

4. Confirm your Payment Method:

- Tap on your name at the top left of the settings.
- Tap "**Payment & Shipping**"
- Ensure a valid credit card or payment method is on file.
- This is a requirement for Parent Accounts to make purchases in the App Store.

Part 2: Create a Child Account Through Family Sharing

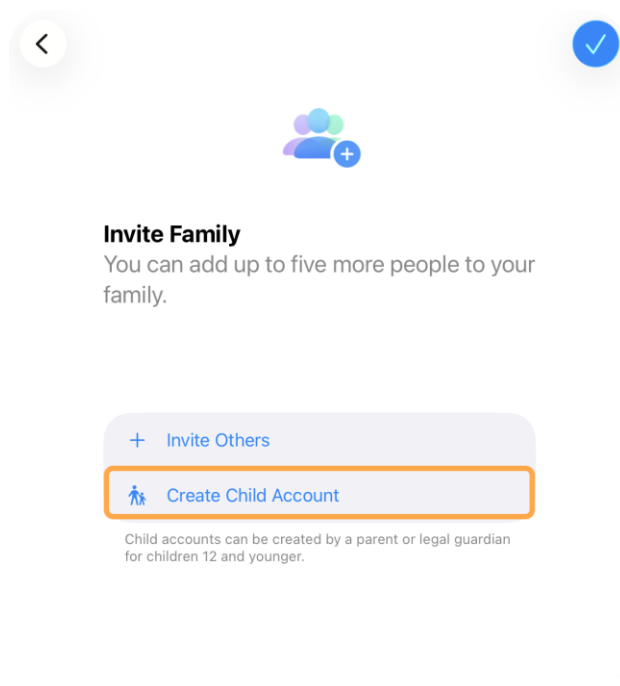

1. Open **Settings** on your iPhone or iPad and tap your name in the top left corner.
2. Tap "*Family Sharing*"

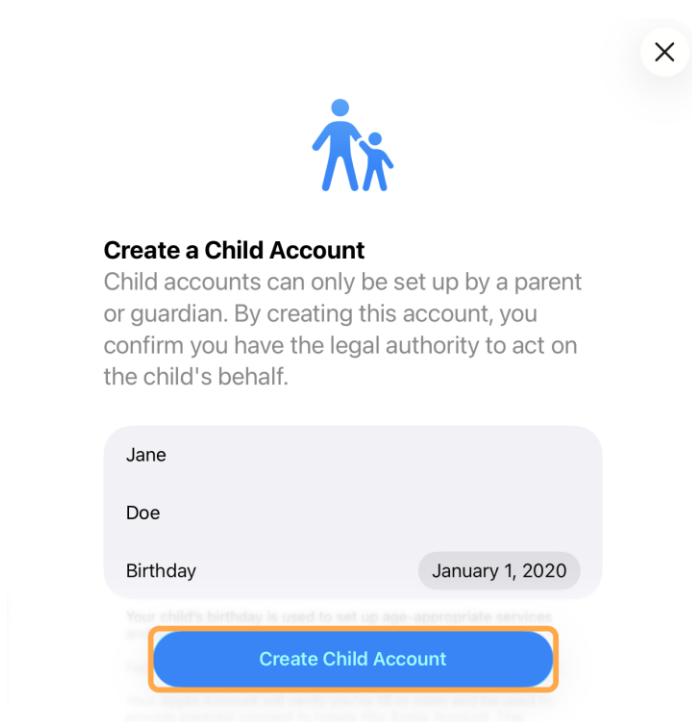

3. Tap "Continue"

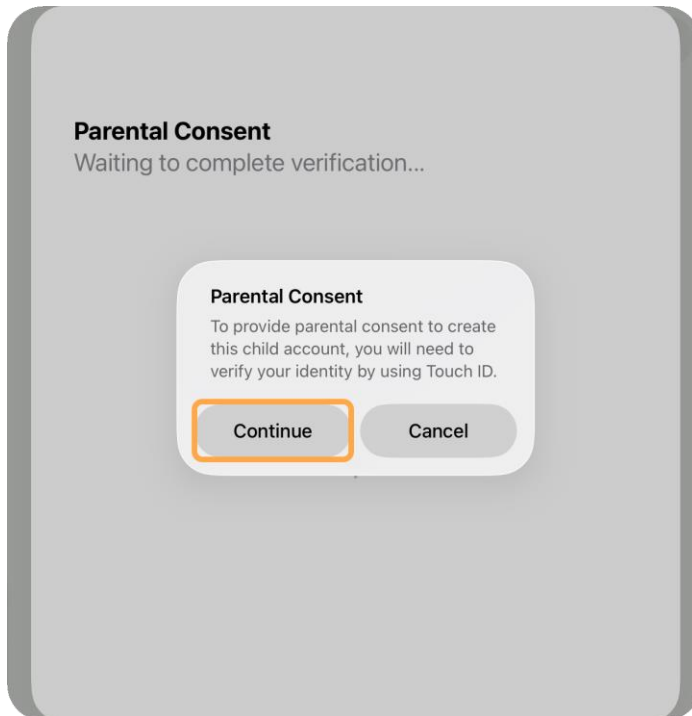

- Note: If you already have Family Sharing setup, please click "Add Family Member" in the upper-right corner

4. Select "Create Child Account"

5. Enter your child's information, and then hit *"Create Child Account"*

6. Tap *"Continue"* on the Parental Consent Screen

Parental Consent

Enter your Apple Account password to continue.

Sign In

Cancel

7. Enter the password for the Parent Apple Account (your personal account), and hit *“Sign In”*

[Back](#)

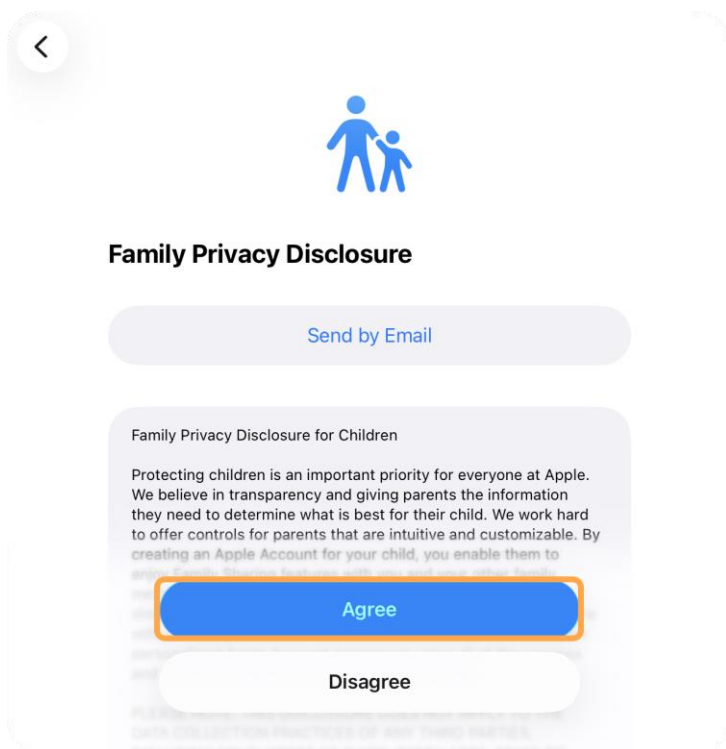

Verification Code

To provide parental consent to create this child account, enter the verification code sent to this email address: **johndoe.aac@icloud.com**

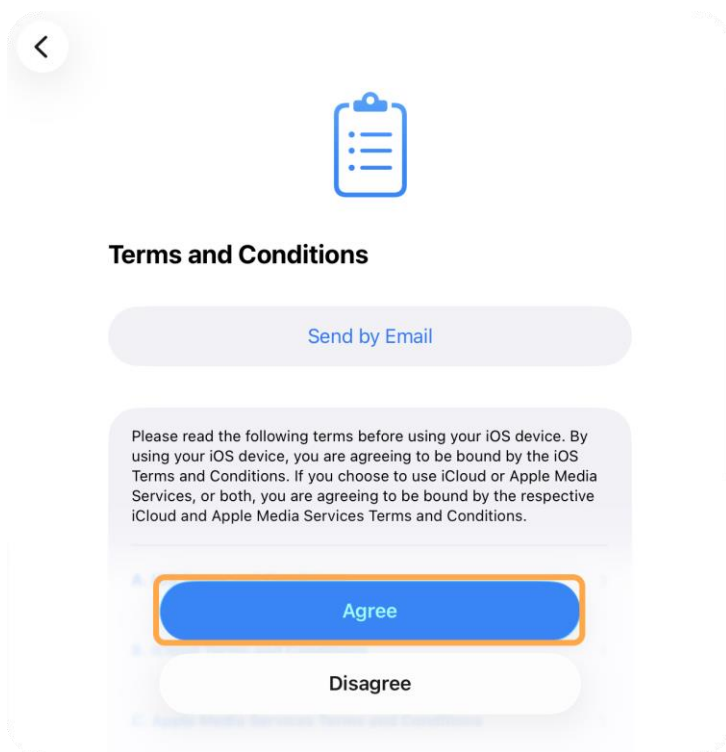

□ □ □ □ □ □

[Didn't get a verification code?](#)

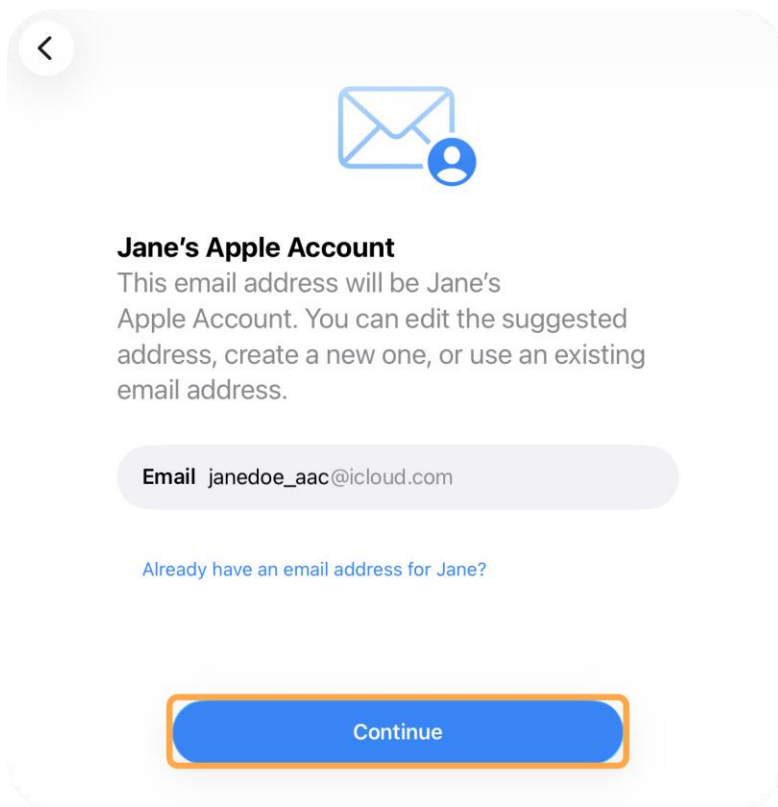

8. Enter the code that was sent to your Parent Apple Account Email Address

9. Tap “*Agree*” to the Family Privacy Disclosure

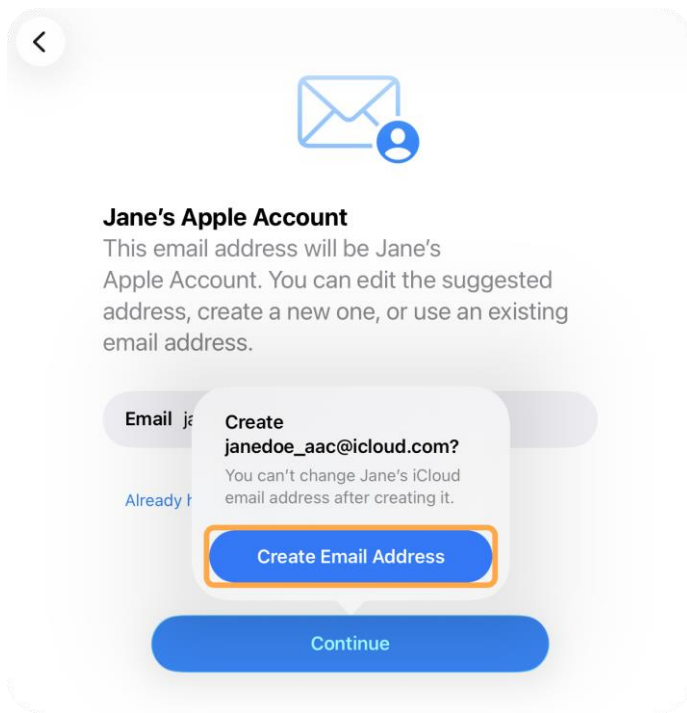

10. Tap “*Agree to the Terms and Conditions*”

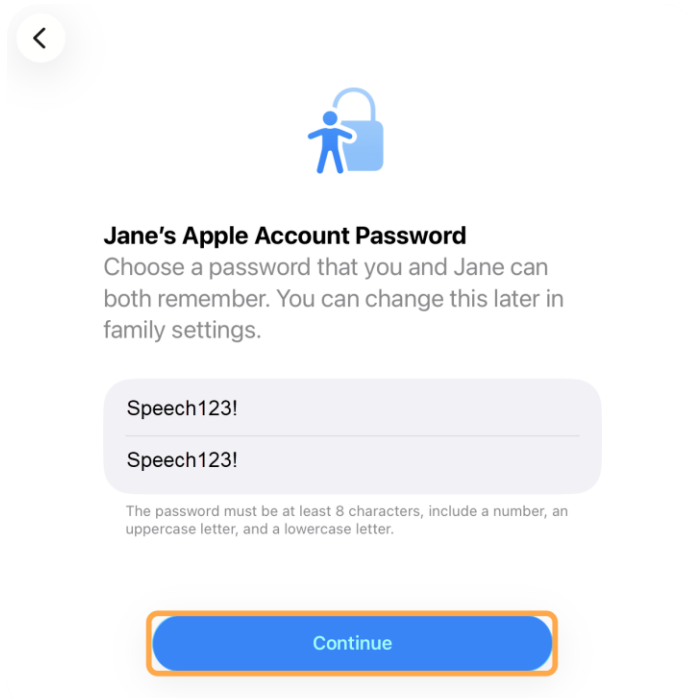

11. Create an Apple ID email address for your child, and hit “Continue”

- A good example email is [\[childsname\]aac@icloud.com](mailto:[childsname]aac@icloud.com)
 - ◆ If you are prompted to enter an existing email address, tap “Don’t have an email address” and then “Create iCloud Email Address”

12. If the entered iCloud account is available, tap *"Create Email Address"*

13. Create a password for your child's account, and hit *"Continue"*

- o **DO NOT** use your child's first or last name in the password

Phone Number

When Jane signs in on a new device or web browser, a verification code will be sent to your phone number:

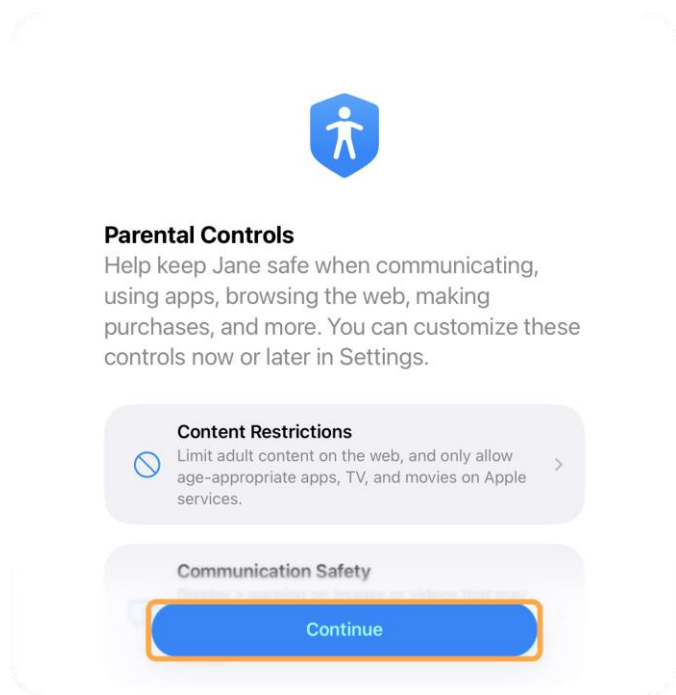

+1 (763) [redacted]

If Jane has a phone number, you can use that number instead. Messaging and data rates may apply.

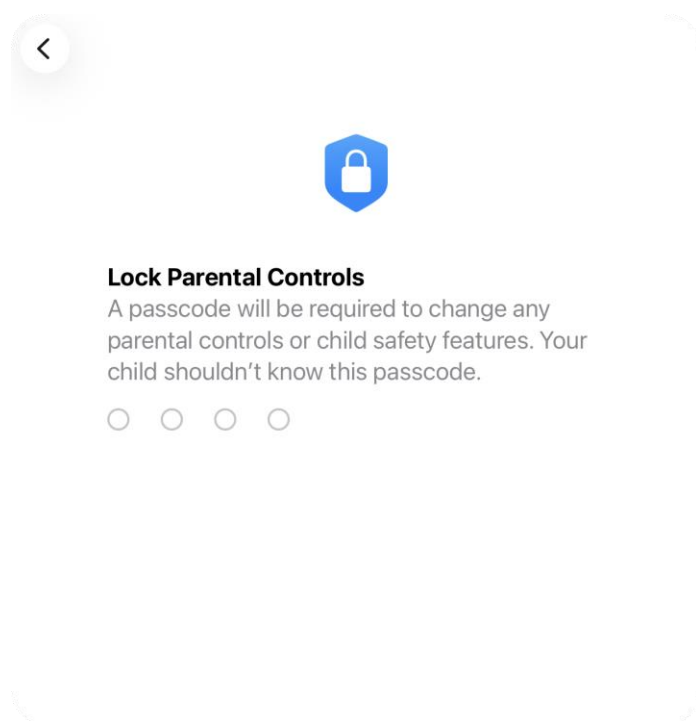

Use +1 (763) [redacted]

Use a Different Number for Jane

14. Confirm the phone number that is displayed is yours
15. Then Tap “Use 763-xxx-xxxx” to send a code to your preferred phone number
 - **NOTE:** This phone number must match what is on your Parent Apple Account
16. Enter the code that was sent

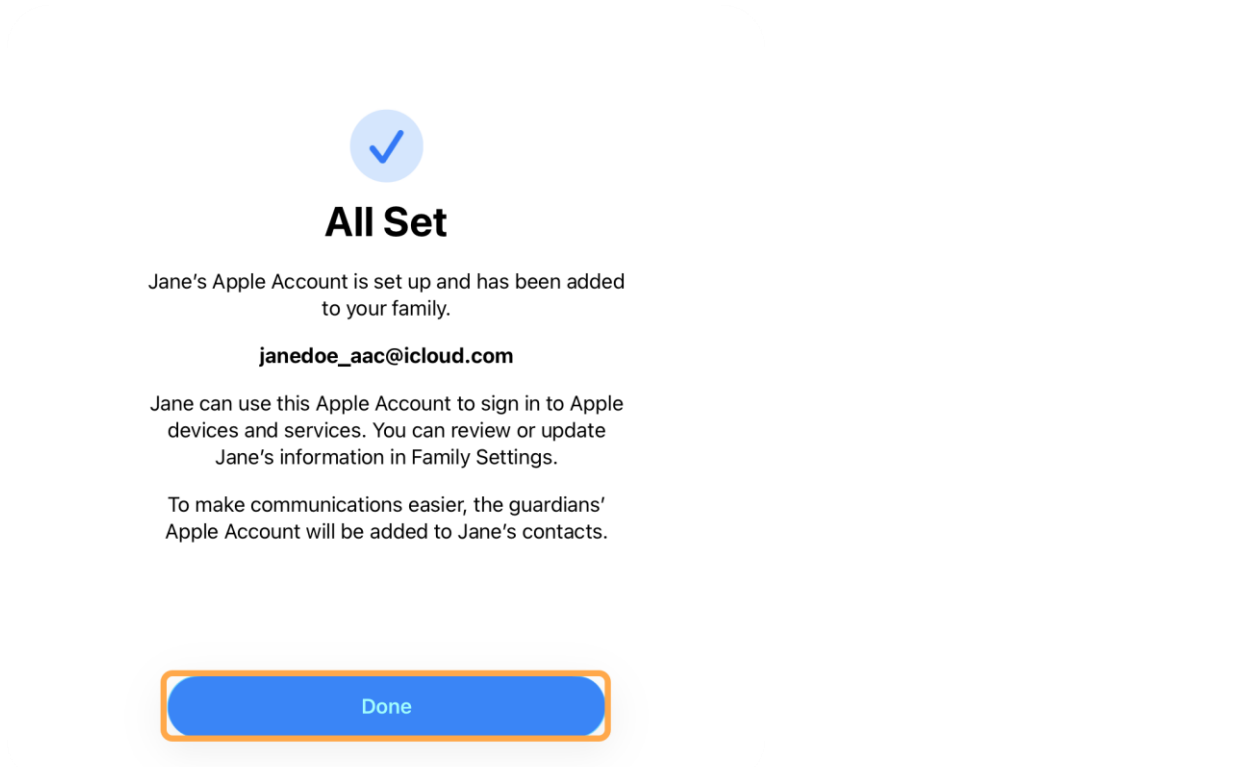

17. Tap “Continue” on the Parent Controls Screen

18. Create and re-enter a 4-digit passcode

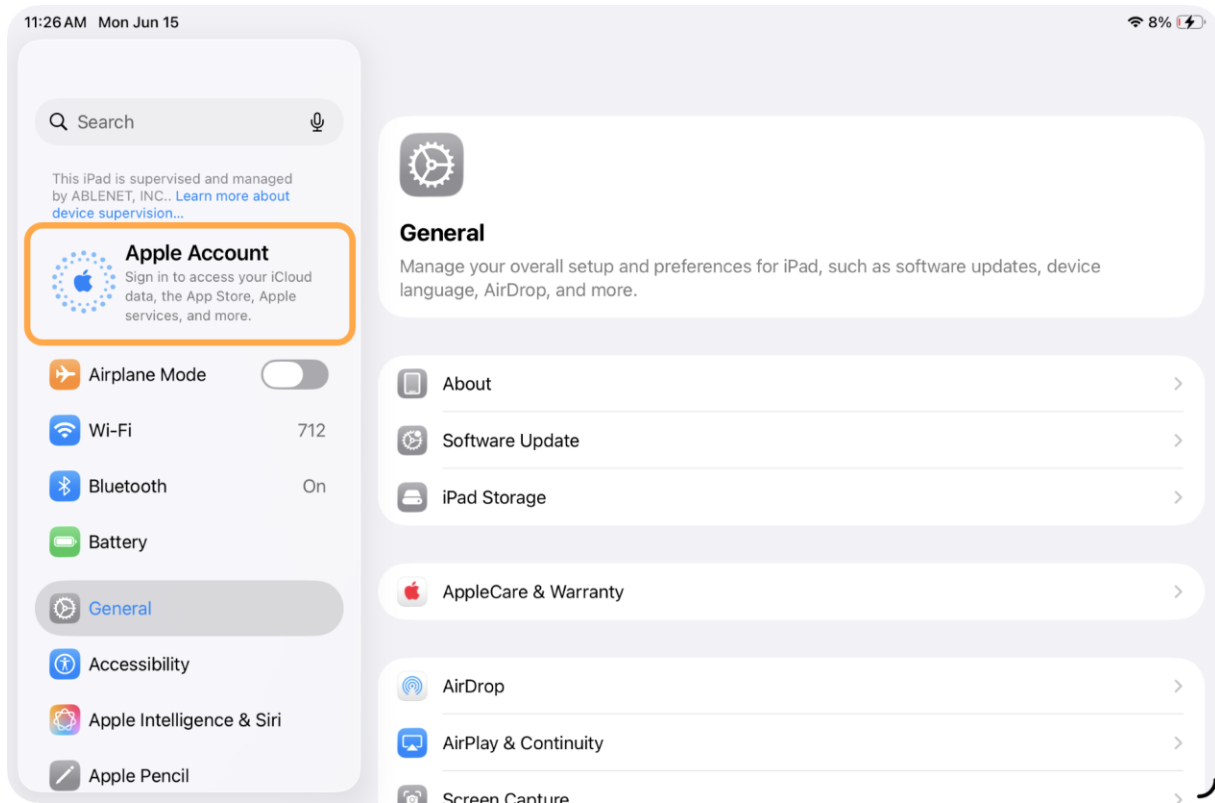

19. Confirm that you would like to enable ask to buy by tapping “Continue” (This screen may vary based on location and regional regulation)

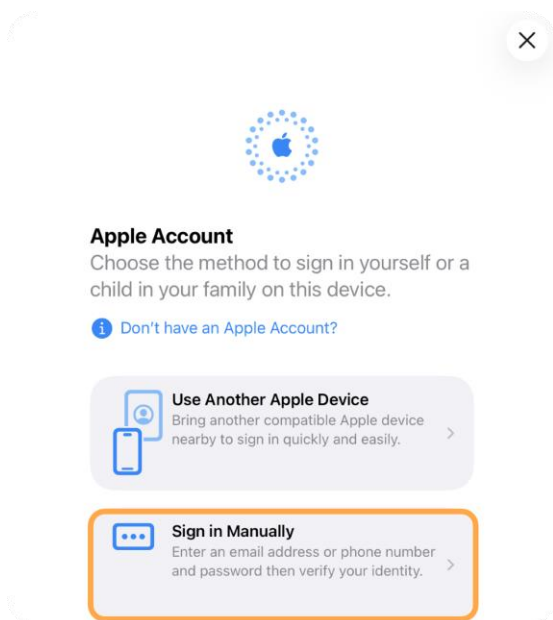

20. You are now “All Set” on your personal device. Please click “Done” and move onto the QuickTalker for the following steps.

Part 3: Sign Your Child's Account into the QuickTalker Freestyle

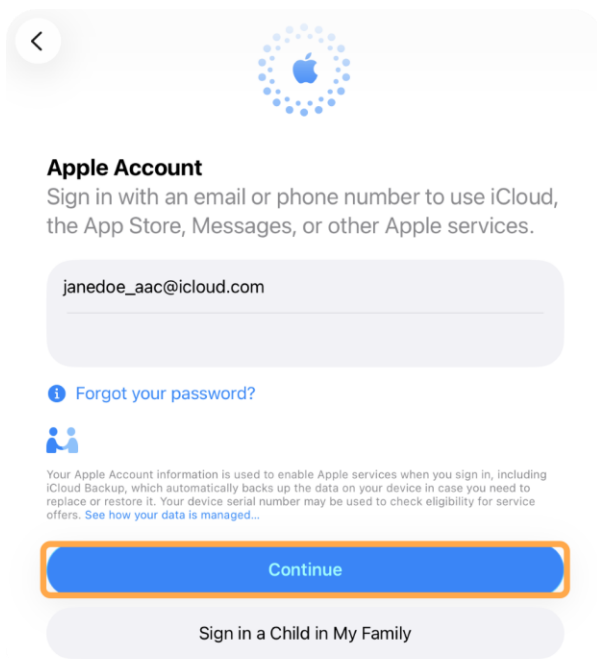

1. Power on the **QuickTalker Freestyle** device and connect it to **Wi-Fi**.
2. Open the **Settings** app

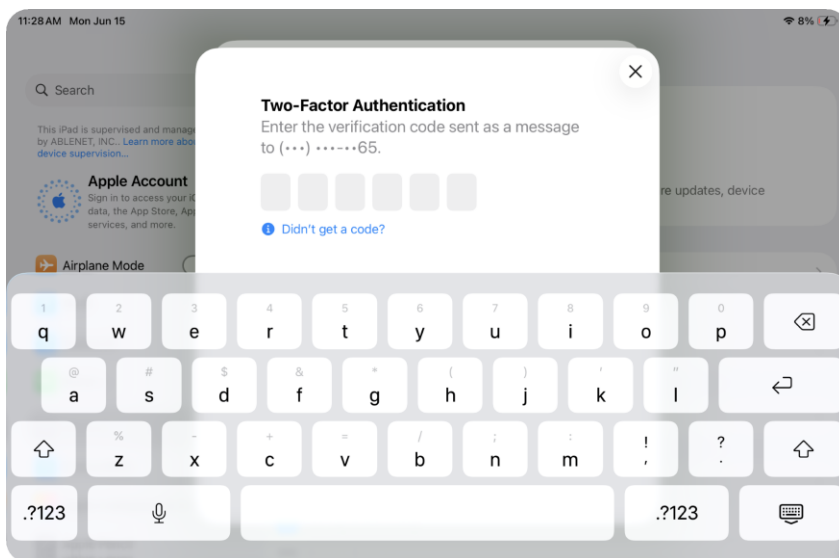

3. Tap "Apple Account" in the upper-left corner

4. Tap "Sign in Manually"

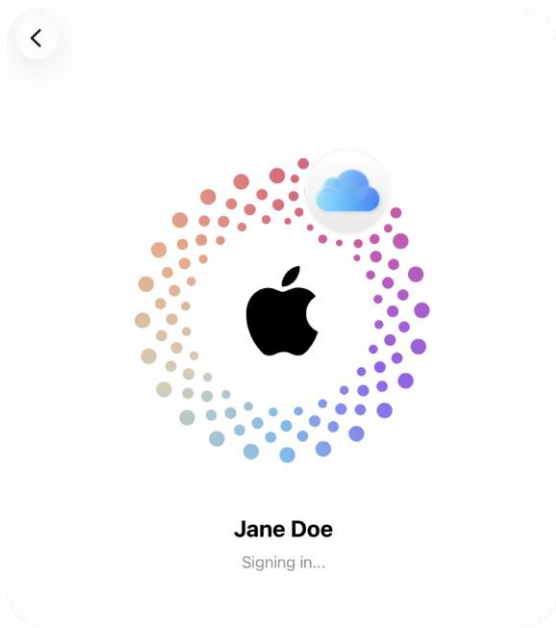

5. Enter the email address and password for the child account you just created on your personal iPhone, and hit “Continue”

6. Complete **Two-Factor Authentication**:

- A code will be sent to the phone number associated with the parent account
- Enter the code 2-Step Verification code into child’s **QuickTalker Freestyle** device

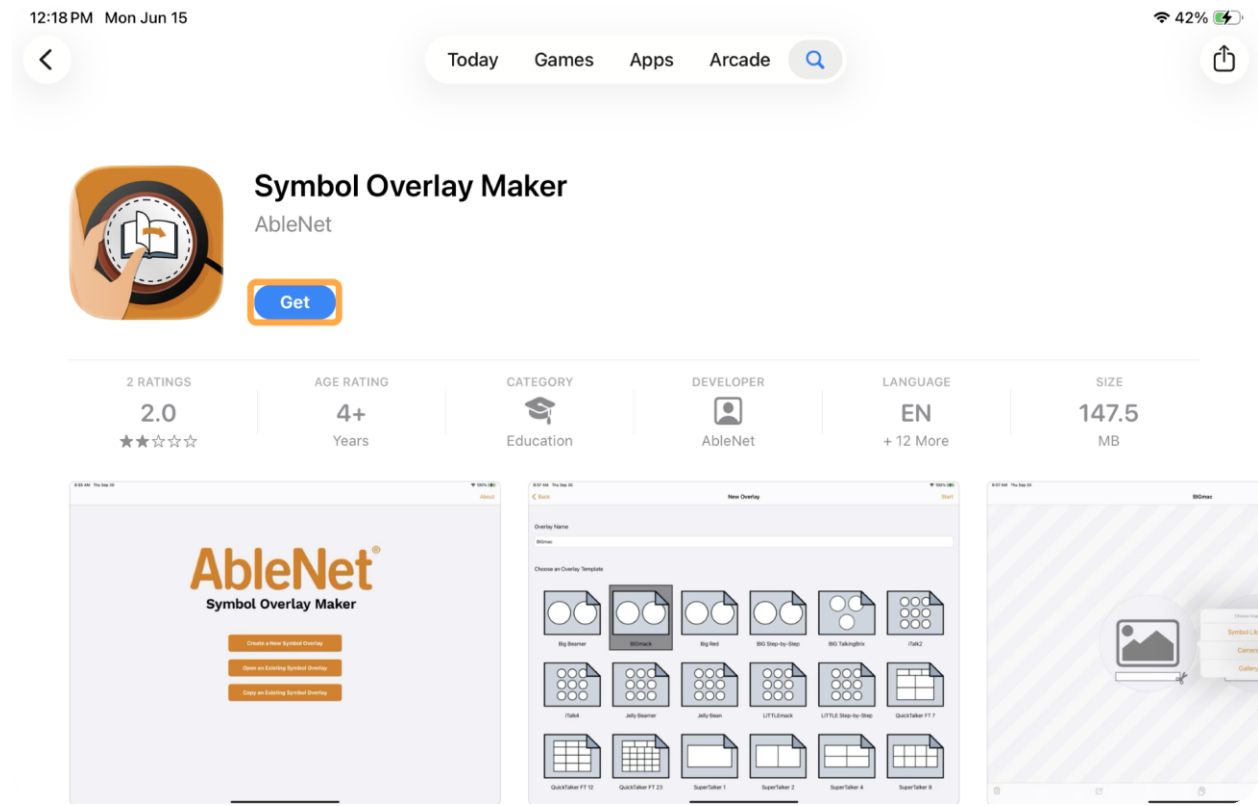

7. You have now successfully signed into the child account! Please see the following pages for further instructions on the child Apple ID processes.
-

In order to install or purchase any speech app that requires a subscription or in-app purchase, approval will need to be granted by the parent through Apple’s native “Ask to Buy” feature.

These requests are sent automatically to the parent account via iMessage. Please see the instructions below for what the request and approval process looks like.

On the QuickTalker Freestyle:

1. Find the desired speech app in the App Store, and click “Get”

Sign-In Required

If you have an Apple Account, enter it here. If you've used the iTunes Store or iCloud, for example, you have an Apple Account.

1. Sign into the child Apple ID account

App Store

Symbol Overlay Maker ⁴⁺
AbleNet
App

Account: janedoe.aac@icloud.com

Install

2. Click *"Install"* on the pop-up

Ask Permission

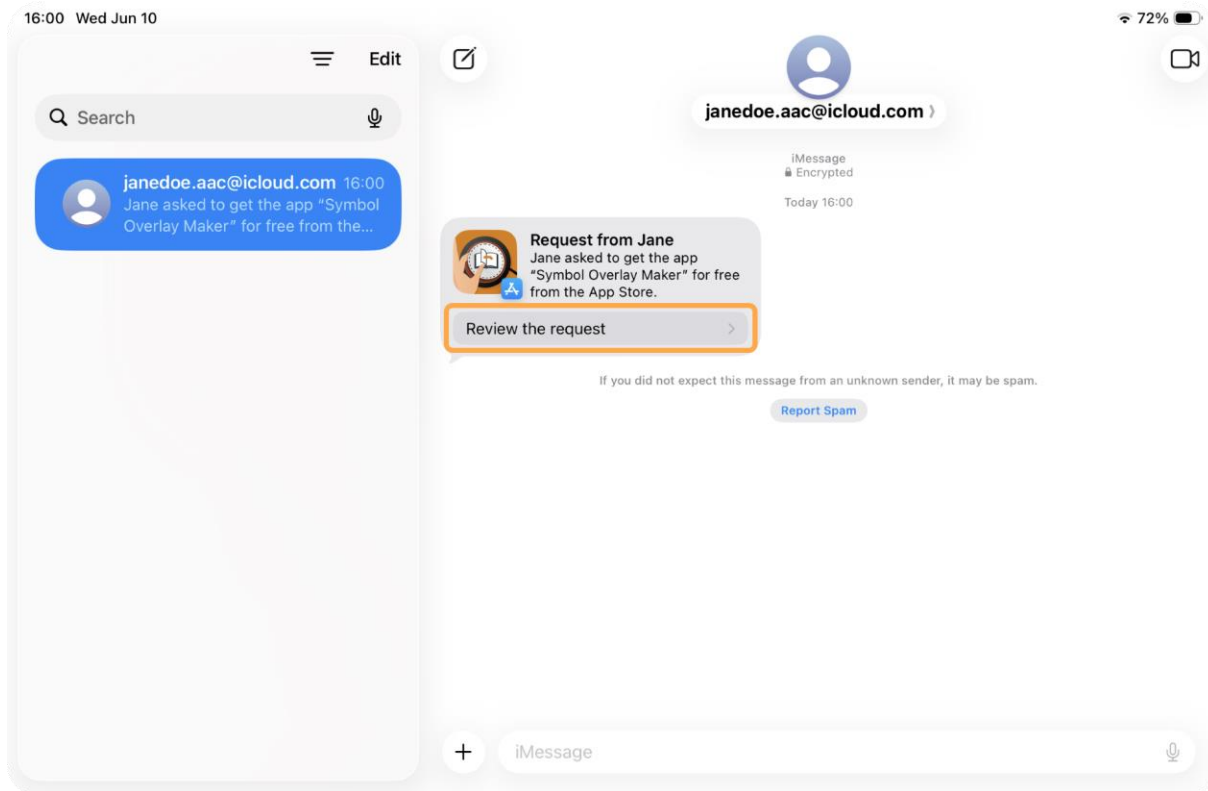

A request to get "Symbol Overlay Maker" will be sent to your parent or guardian.

Cancel

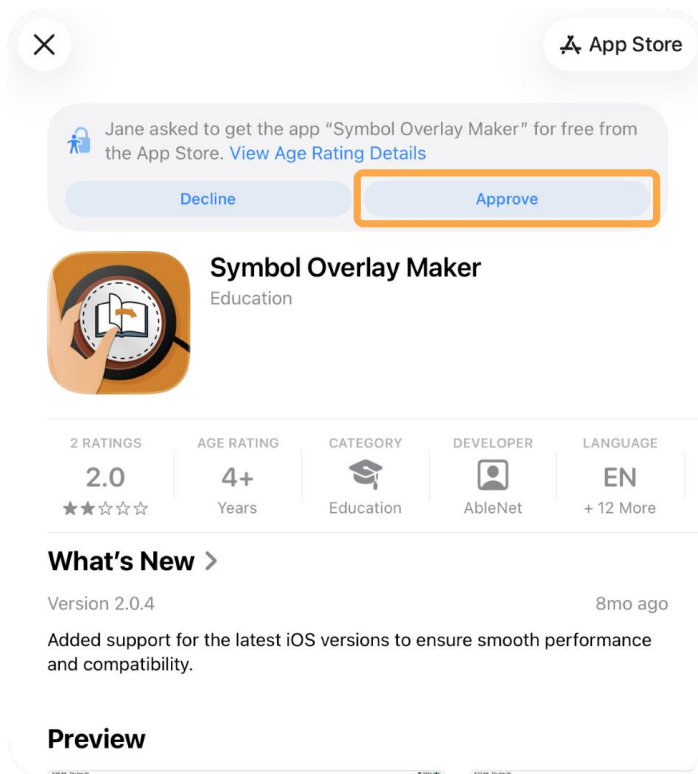

Ask

3. Click *"Ask"* on the next pop-up, the remaining steps will be completed on the parent's iPhone.

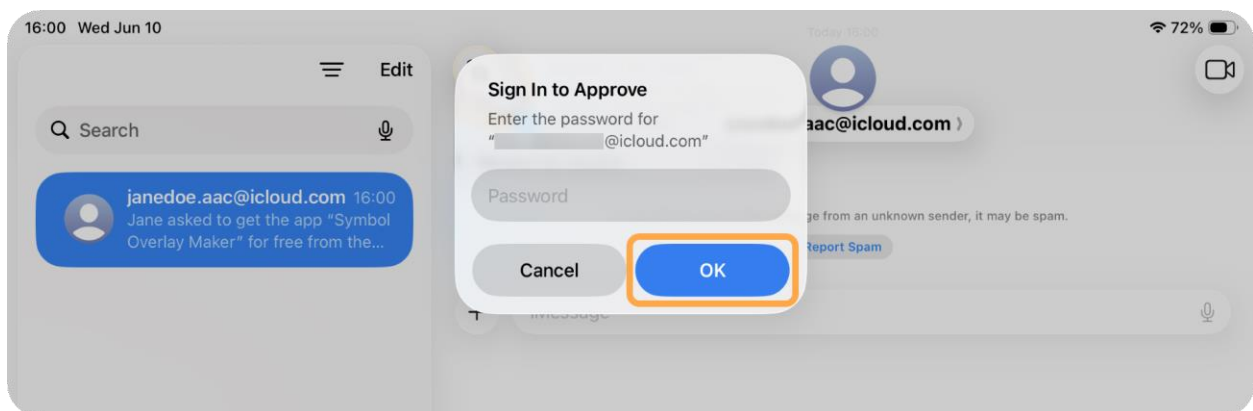

On Parents' iPhone:

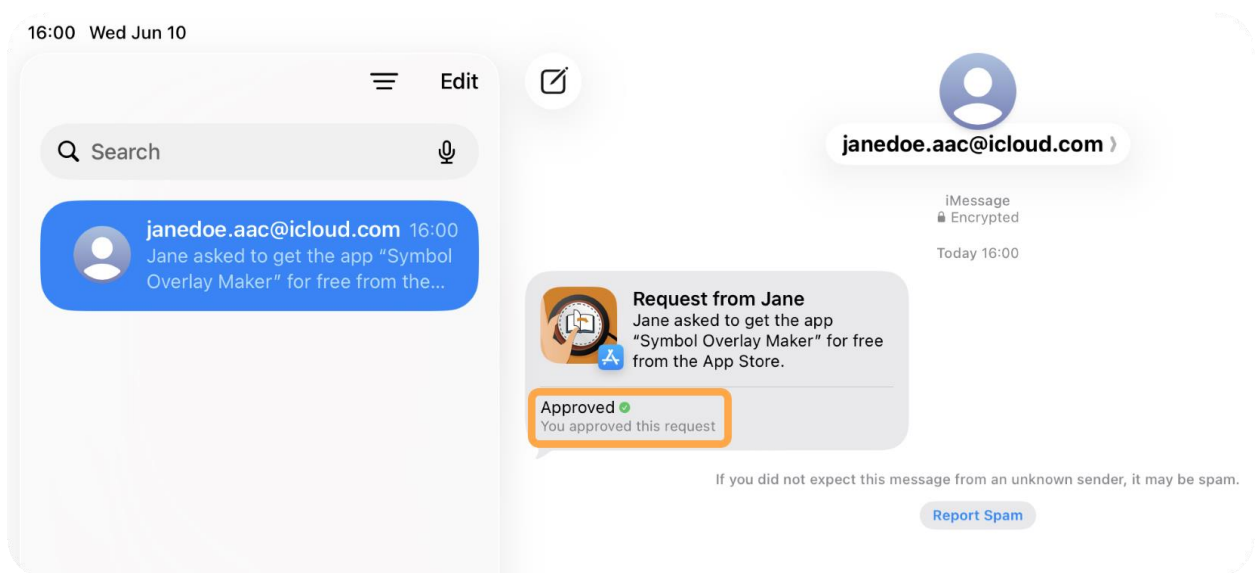

1. In your iMessage's, you'll see the request for the app installation, click "*Review the request*"

2. Click “Approve”

3. Sign into your personal Apple ID account in order to approve the purchase

4. Make sure you see “Approved”, and you’ll see the app begin to install on the QuickTalker!

You're all set!
