

ableEXPERIENCE

Hello! Our goal is to make this process as easy and stress-free as possible for you. With the ableEXPERIENCE, you'll receive the device promptly, so you can decide if it's the right fit for the user's communication needs.

Please note: you will still have to go through our funding process for insurance approval. Our AbleNet team of experts will work quickly to finalize the insurance decision. If you decide the QuickTalker Freestyle is not the right fit, our team will work with you to return the device at no cost.

Here's how it works:

- ✓ Your Speech therapist completes the benefit check.
- You complete the parent caregiver form.
- A QuickTalker Freestyle is shipped out for a hands-on experience.
- AbleNet contacts the physician for the insurance required documents.
**Some insurance companies may require a doctor's appointment.*
- Your Speech therapist writes a speech evaluation.
- AbleNet submits all documents to the insurance company for their final decision.
- If approved AbleNet will convert your current device into the permanent device.
