PREPARATION INSTRUCTIONS:

THAWING

1. Allow product to thaw completely for at least 48 hours in refrigerated storage.

COOKING:

1. Lightly grill over an open flame to promote grill marks.
2. Continue to grill or roast in a 375 degrees F oven for 5-10 minutes in a convection oven or 400 degrees F for 5-10 minutes in a conventional oven until fully cooked to an internal temperature of 145 degrees F.

Allow meat to rest for at least three minutes before consuming.

HOLDING:

Ideally Kronos kabobs should be cooked to order. If this is operationally unfeasible please follow these instructions:

1. Kronos kabobs are a premium product that contains very little fat; therefore care must be taken when holding the product on a steam table.
2. Kronos kabobs should be held on a steam table at a temperature between 146-165 degrees F.
3. For best performance, hold kabobs in a steam table in a liquid bath (3 part olive oil, 2 parts water, 1 part lemon juice).
4. Do not serve Kronos kabobs that have been held for longer than 30 minutes. Liquid bath should be changed hourly.
