

MINI SKID STEER TREE REAPER BRUSH CUTTER

TREE REAPER

MINI SKID STEER BRUSH CUTTER

The Tree Reaper Mini Brush Cutter delivers heavy-duty clearing power to compact loaders, offering a 4" cutting capacity in 40" or 48" working widths. It features a high-torque motor and dual 5/8" AR400 steel blades, designed to operate efficiently without a case drain across a wide variety of hydraulic flow ranges. Compatible with popular mounts like Dingo and MT50, it is the ideal solution for professional-grade brush management in tight or restricted spaces.
