

## Mini Show Pusher

Our Mini Skid Steer Snow Pusher allows you to clear a parking lot quicker than a snow plow. It is 48" wide.

- 1½" x 8" replaceable rubber edge
- ½" AR400 replaceable shoes
- 5/16" sides
- Optional pull back

## Boom Pole

The mini skid steer Boom Pole is an essential tool for anyone in the landscaping or nursery industry. Easily pick up trees to be planted, transported or loaded. The boom is constructed from 3" x 3" tubing that is 1/4" thick, and is rated to carry 3,000 lbs.

- Constructed from 1/4" thick, 3" x 3" tubing
- Rated to carry 3,000 lbs.

## Stump Grapple

Our Mini skid steer stump grapple is a scaled down version of the heavy duty stump grapple. With the weight of the grapple in mind, we were able to design this to withstand the force of the largest of the mini skid steers. Whether you are digging out stumps or digging a trench, our mini stump grapple is up for the test.

- 3/4 x 6 cutting edge
- 2 x 10 cylinder
- 23 series teeth
