SKID STEER / TRACTOR

AUGER DRIVES

One of our most popular and highest rated attachments, the Auger Drive is available for skid steers and tractors with universal quick attachment plates with a standard or side shift mount.

MODELS

- 1500 Auger Drive
- 2500 Auger Drive
- 3500 Auger Drive

“Most utilized tool in our arsenal. Had this unit 2.5 yrs and drill 9”-36” holes daily still going strong and doesn’t leak.”

- **Lonny W.**

“This auger is the best in the world. We run them hard and it takes all you can give it! We’ve burned up the other brands and this one is still like new. Thanks!!!”

- **Dustin I.**

“I bought this last year. The one draw back is the wife wanted a lot more trees planted after she saw how easy it was to dig the holes. I highly recommend these products.”

- **Ross**

FEATURES/SPECS

IronCraft Auger Drives feature a planetary gear drive second to none in North America, completely eliminating the common issue of shaft pullout. High torque output means IronCraft augers power through tough earth conditions and can handle rock auger bits for extreme earth conditions.

HIGHLIGHTS

- Planetary Gear Drive
- 2" Hex Output Shaft
- High torque output
