

Mini Snow Pusher

Our Mini Skid Steer Snow Pusher allows you to clear a parking lot quicker than a snow plow. It comes in a 48" width or a 60" width.

- ½" x 8" replaceable rubber edge
- ½" AR400 replaceable shoes
- 5/16" sides
- Optional pull back

Mini Stump Grapple

Our Mini skid steer stump grapple is a scaled down version of the heavy duty stump grapple. With the weight of the grapple in mind, we were able to design this to withstand the force of the largest of the mini skid steers. Whether you are digging out stumps or digging a trench, our mini stump grapple is up for the test.

- ¾ x 6 cutting edge
- 2 x 10 cylinder
- 23 series teeth

Mini Rotary Tiller

The mini skid steer rotary tiller is a perfect attachment for tilling gardens and small fields. It's also great for deer hunters to use to make food plots with ease. These tillers have a bi-directional rotation and can till ground up to 6" deep.

- 10-20 GPM
- 2 3/8" diameter tine rod.
- Bolt on replaceable tines.
- 1/4" plate, rolled housing.
- 3/8" sides with 3/8" shoes.
- Size: 42".
