

X-TREME PISTON MOTOR SWING BOOM CUTTER

Our Swing Boom Cutter is a great implement to add to your collection. It is designed for cutting banks, fence lines, and right of ways. It also works great for clearing pond banks and cutting trails. This cutter has a significant reach advantage over our typical cutter. With a reach of 96" when extended horizontally and a vertical reach of sixteen feet, it makes clearing unwanted tree limbs less of a hassle. The cutter will also swing to the right and can be used as a side cutter. It is powered by a direct drive piston motor on a bearing housing with 4000 Max PSI. A flow of 17-27 gpm is required. The one year warranty does not cover the blades and hoses.

- Reach advantage over our typical cutter
- Can be used as a side cutter
- Direct drive piston motor with max 4000 PSI
- 3" x 16" tilt cylinders
- 5/8" AR400 Blades
