

X-TREME SKID STEER TRENCHER

Our X-treme Skid Steer Trencher is ideal for trenching water lines and cable lines in a timely manner. With a dirt chain, 1/2 rock & frost or full rock & frost we are sure to have a chain to fit your trenching needs.

We offer two arm sizes for different digging depths. Different chain widths, 36" or 48" lengths. Our X-treme Skid Steer Trenchers come with a full rock guard. We also offer a 15-20 GPM flow or a 20-30 GPM flow with a 15" auger.
