RAVAGER STUMP GRINDER

EXCAVATOR

The CID Excavator Stump Grinder is built to make quick work of stubborn stumps without sacrificing control. Powered by a radial piston motor that delivers blistering tip speeds up to 159 mph with no case drain required for aggressive grinding performance. Available in two flow ranges, 10-17 GPM and 18-25 GPM, it can be matched to a wide variety of excavators for maximum hydraulic efficiency. The large 25-inch cutting diameter removes more material with each pass, while the excavator-mounted design provides precise positioning and visibility for residential, commercial, utility, and municipal applications.

EXCAVATOR STUMP GRINDER

SKU	EXSTG1017	EXSTG1825
MOTOR	Radial Piston Motor	
FLOW RANGE	10-17 GPM	18-25 GPM
RPM	1,261-2,145	1,136-1,577
TIP SPEED	94-159 MPH	85-117 MPH
TIP SPEED	8,254-14,032 ft/min	7,429-10,318 ft/min
TORQUE	73 ft/lbs	145 ft/lbs.
WEIGHT	555 Lbs.	
CUT DIAMETER	25"
