

Alerts can be used to notify users about the status of their accounts or when certain transactions occur.

Setting Up Alerts

1. Select **Settings** and then select **Alerts**.
2. Select **New Alert** and select the desired type of alert from the dropdown menu.

Account Alerts

1. Select an **Account**.
2. Select an **Account Balance Type**.
3. Select the alert **Amount** and corresponding comparison.
4. Select an **Alert Delivery Method** and input the corresponding contact information.
5. Select **Create Alert**.

NOTE: If an alert is setup to delivery via text message, it will come as a generic message directing you to login to myOnlineBanking for additional details.
