

The **Homepage** displays a list of accounts users have access to in myOnlineBanking. The page can be customized by organizing accounts into different groups.

1. View a list of all accounts accessible within myOnlineBanking

a. Click on any account tile to view the account's transaction history and details.

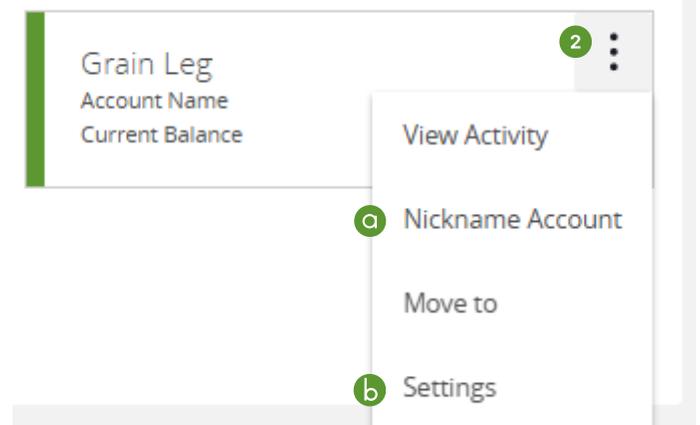

b. Shortcuts to **Transfer Money Now** and **Make a Payment Now** can be found on the right side of the page.

2. Click the three dots next to each account to reveal multiple quick actions.

a. **Nickname Account** allows users to change the display name of their account. This is only for myOnlineBanking and will not change account names on bills or statements.

b. Select **Settings** to hide an account from the homepage.

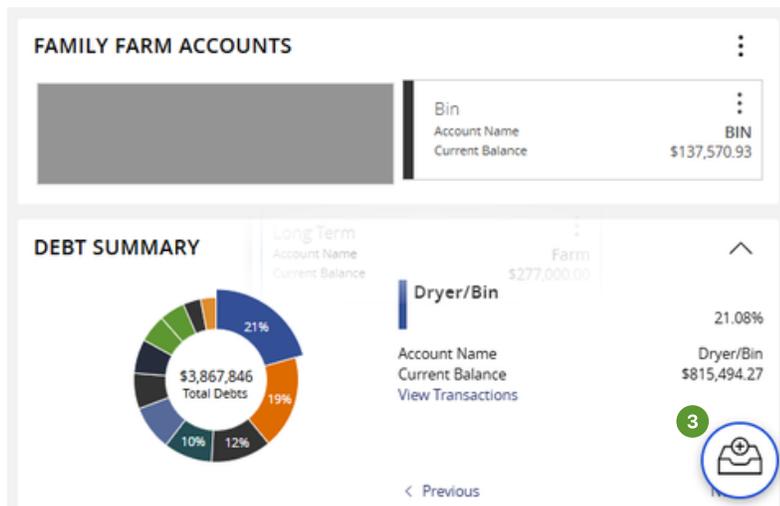

**NOTE:** Closed accounts will display for 18 months after their closed date with view only access. They will automatically be removed after that time.

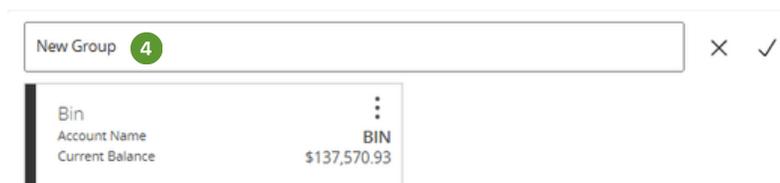

## Customizing the myOnlineBanking Homepage

The myOnlineBanking **Homepage** can be customized by **creating account groups** that allow users to sort their accounts into different sections.

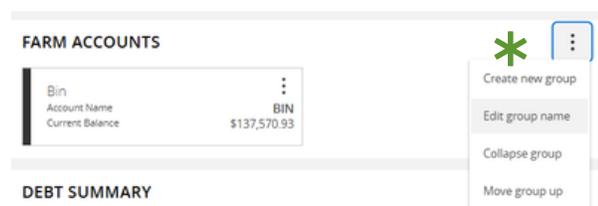

3. Click and drag any account to the **Envelope** icon, which appears at the bottom right of the page, to create a new account group.

4. Users have the option to name groups. Additional accounts can be added to any group by simply dragging them into the group. Additional groups can be created by repeating step 3.

**NOTE:** Groups can be renamed at any time by clicking the three dots to the right of each group.

5. Click on the **pie graph** at the bottom of the page to view a distribution of funds across accounts accessible within myOnlineBanking.
