

The **FCI Mobile App** is a mirror image of myOnlineBanking, meaning the navigation and functionality is basically the same. This helps make navigation intuitive and user-friendly!

1. After logging in to the mobile app, the homepage will contain a list of all accounts accessible within myOnlineBanking.
2. Tap on an account to view it's **transaction history** and **account details**.
3. Account names can be customized and accounts can be organized into different groups by clicking the stacked dots on the account tile.
4. Tap the **Menu** icon to navigate to **Transactions, Statements, Summary of Accounts, Activity Center,** and more!
5. Use the **Loan Payments page** to make a regular, interest only, or principal only payments.
6. Use the **Funds Transfer page** to transfer funds to an external bank account, Funds Held, or Farm Cash Management account.

NOTE: To add a bank account to myOnlineBanking, please contact your local Regional Office for assistance.

Login to the FCI Mobile App by entering myFCI credentials

Android device

Apple device

Scan the above QR code or **Search** Farm Credit IL in the app store.
