

LIFE INSURANCE: MORE THAN PROTECTION

A PRE-BUILT SOCIAL MEDIA CAMPAIGN

Most people associate life insurance with a simple death benefit, but today's life insurance strategies can serve as a foundation for your clients' overall financial plan. The right policy can be used to assist in accumulating cash values, minimizing taxes, and supplementing retirement income — all while helping to mitigate risk.

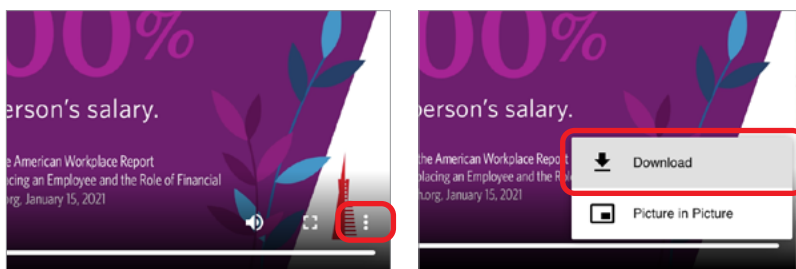

To help you connect with clients and get the word out that life insurance is more than protection, we've prepared a social media "campaign in-a-box" for your business. You'll find everything you need in this flyer. To maximize engagement, there are several best practices to be aware of:

- Post 2-3 times per week (any more and you risk overwhelming clients).
- While all these posts are Transamerica-approved, it's highly recommended you run the content by your compliance department before posting.
- Consider "boosting" these posts to increase their reach and engagement potential (See [course 301](#) on our Social Media University).
- If you need more assistance with your posts and for more information on social media best practices, see course 101 on our Social Media University at transamerica.com/lp/social-media-university.
