# ADDITIONAL BENEFITS AND RIDERS

## TRANSAMERICA'S EXPEDITED CLAIMS PROCESS

On qualifying policies, a portion of the death benefit may be paid to the insured's beneficiary in as fast as 72 hours from the time the required paperwork is received and is in good order. Transamerica's expedited claims process can pay up to \$25,000 of the total death benefit to cover funeral-related or any other qualifying expenses that may arise.<sup>1</sup>

The following riders offer customizable protection and have fees and/or require an additional premium.

## ACCELERATED DEATH BENEFIT RIDERS<sup>2</sup>

Available on *Transamerica FE Express Solution*<sup>SM</sup> at no additional premium cost to the applicant. The accelerated death benefit rider offers additional flexibility to access the policy's death benefit during the life of the insured. Additional fees apply.<sup>3</sup>

These riders are not available if the applicant needs any assistance in performing daily living activities at the time of application.<sup>3</sup>

## ACCELERATED DEATH BENEFIT RIDER WITH NURSING HOME BENEFIT (NOT AVAILABLE IN CALIFORNIA OR FLORIDA)

The Accelerated Death Benefit Rider pays the face amount, less an interest discount, less any loans, less administrative charge, less any premiums that would be due in the next year upon diagnosis of a qualifying event or confinement in a qualified nursing home facility.

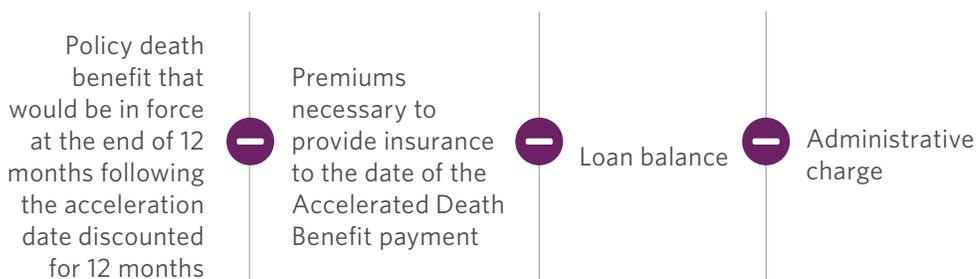

## ACCELERATED DEATH BENEFIT RIDER (AVAILABLE IN FLORIDA ONLY)

In Florida, the Accelerated Death Benefit Rider pays the face amount, less an interest discount, less any loans, less any administrative charge, less any premiums that would be due in the next year upon diagnosis of a qualifying event. Eligibility requirements apply. Accelerated death benefits will be available when the insured has been diagnosed with a qualifying event, as described in the rider, while the policy and the rider are in force. Benefits advanced under this rider may be subject to taxation. Limitations and exclusions apply. Refer to the rider for complete details.

## TERMINAL ILLNESS ACCELERATED DEATH BENEFIT RIDER (AVAILABLE IN CALIFORNIA ONLY)

The insured can accelerate up to 100% of the face amount, less an interest discount, less any loans, less any administrative charge, less any premiums that would be due in the next year, if death is expected within 12 months from the date of a Physician's Statement.

## How the Benefit Is Determined

**= BENEFIT AMOUNT**

<sup>1</sup>Subject to qualifications and two-year contestability period.

<sup>2</sup>Benefits provided through the accelerated death benefit and terminal illness accelerated death benefit riders are subject to certain limitations and exclusions. The actual benefit paid to the policy owner will be less than the amount that is accelerated because the amount is discounted to reflect early payment of the policy's death benefit. Administrative fees per request apply. Riders should not be the sole basis to purchase any life insurance policy. Benefits paid under riders will reduce the death benefit or terminate the policy, see the terms of individual rider for details. Consideration should be given to whether life insurance needs would still be met if rider benefits are paid out in full. Accelerated Death Benefit Riders are not available on the *Transamerica Graded FE Express Solution*.

<sup>3</sup>The optional rider information is a general description of how riders work. Refer to your policy quote for a complete explanation of the terms. Riders and benefits have specific limitations, may incur additional costs, and may not be available in all jurisdictions. For complete details, including charges, terms and conditions of each rider and the exact coverage provided, please consult your agent.

# UNDERWRITING GUIDELINES

## OUR APPROACH

Transamerica and our third-party administrators utilize a digitally enabled underwriting process built to deliver quick, consistent decisions. This process provides a streamlined approach to underwriting risk selection, focusing on applicant-specific data such as personal history, height/weight, and health conditions.

## ELECTRONIC MEDICAL DATA

For maximum convenience, the new process prioritizes simplicity when it comes to collecting clients' health information.

- Straightforward personal history and lifestyle questions combined with diagnostic and prescription data direct from the healthcare provider eliminate the need for lengthy, intrusive health questions and traditional medical records.
- All electronic medical data will be ordered through Transamerica and will be administered through Transamerica-approved vendors, safely and securely.

## INSURABLE INTEREST

Insurable interest must exist between the proposed insured, policy owner, payer, and beneficiary or beneficiaries. Underwriting reserves the right to make the final determination on the issuance of any policy.
