

DEDICATED SUPPORT FOR LARGE AND INTERNATIONAL CASES

AN EXPERIENCED TEAM
TO HELP YOU THRIVE

Large and international cases, while complex, don't need to be complicated. To make sure they aren't, you have access to dedicated support from our experienced Large Case Unit (LCU) and International Underwriting teams.

Our seasoned LCU and International Underwriting teams boast 420 years of combined experience, offering strong medical and financial knowledge and the skills to handle complex cases that require a holistic, outside-the-box approach to risk assessment. We understand underwriting — especially in these niche markets — is a relationship business, and we strive to collaborate with our sales partners to provide unparalleled service.

LARGE CASES

Face amounts of \$5 million or more automatically qualify for Large Case Unit underwriting. There is no premium threshold.

FFIUL, FCIUL, FFIUL II, and FCIUL II with a target premium of \$25,000 and above will qualify.

Trendsetter® Super and Trendsetter® LB with a Paid Annualized Premium of \$25,000 and above qualify.

INTERNATIONAL CASES

Our international team members know their way around the complexities of visas, country demographics, geopolitics, and international finances and taxation. Our program focuses primarily on high net worth individuals who have a minimum global net worth of USD 1 million.

Qualified cases will automatically be underwritten and managed by the LCU and International Underwriting teams. Just submit your cases the same way you always do, and we'll make sure you get the support you need.

Let's build something big together.
