

STATEN ISLAND HOSPITAL PLAN

Plan ID: 0001378

Employer ID: 001310001

Policy Contract: 093455-030

Product name: Lincoln Group Variable Annuity

The purpose of this document is to provide you with important information regarding the STATEN ISLAND HOSPITAL PLAN and the plan's designated investment alternatives under the Lincoln Group Variable Annuity, including fee and expense information, to help you compare investment options in accordance with Department of Labor (DOL) Regulation section 2550.404a-5 ("404(a) participant fee disclosure").

Information presented throughout this entire document is specific to the plan's designated investment alternatives only under the Lincoln Group Variable Annuity. Please contact your retirement plan administrator for more information.

If you would like additional information regarding your plan's designated investment alternatives, you may visit the specific website addresses shown throughout this document or you may contact your retirement plan administrator at 516-734-7150 or 475 SEAVIEW AVE, STATEN ISLAND, NY 10305-3436. A free paper copy of the information may be obtained by contacting your retirement plan administrator at 516-734-7150.

Every effort has been made to ensure that this disclosure is as thorough and accurate as possible to reflect the legal documents, laws, and regulations that govern the operation of the plan. In the event of any conflict, the terms of the plan document, investment arrangements, applicable laws, and regulations will govern.

Document summary

There are several sections that comprise the 404(a) participant fee disclosure:

- **General plan information section** provides general information regarding plan features and designated investment alternatives, such as an explanation of how to give investment instructions, if applicable.
- **Plan fees and expenses**
- **Comparative charts** provide a current list of the investment options with performance and fee information for designated investment alternatives in comparative chart format.

General plan information

To direct your designated investment alternatives for the plan:

For initial enrollment, you may enroll by following the enrollment process established for your plan or by completing the materials and returning them as indicated on the documents provided during the enrollment process.

Existing participants may update elections by:

- Visiting LincolnFinancial.com, or
- Calling the Lincoln Customer Contact Center at 800-341-0441

You may change your elections at any time; transfers are effective the same business day provided the markets are open and instructions are received before 4:00 p.m. Eastern Time.

The Lincoln Group Variable Annuity may restrict the number of transfers you may make among designated investment alternatives within the product in a given time period. An investment option may apply a redemption fee or restrict certain transfers. However, transactions associated with market timing – such as frequent, large, or short-term transfers among investment options – can affect the underlying funds and their investments. Lincoln therefore reviews the number of transfers that a participant makes within given periods of time to determine if any transfer attempts to capitalize upon short-term movements

in the equity markets (Market Timing Policy). If so, the participant's transfer activity will be subject to further scrutiny. Potential market timing or frequent trading may result in future trading restrictions, up to and including temporary (or permanent) revocation of telephone exchange privileges.

Voting and tender rights associated with mutual fund shares offered under the plan are exercised by the plan sponsor, if applicable.

The designated investment alternatives available in the Lincoln Group Variable Annuity are those listed in the comparative charts. Please contact your retirement plan administrator for information regarding designated investment alternatives offered outside of the Lincoln Group Variable Annuity, if any (e.g., employer securities).

Should you take a loan, interest will be assessed as disclosed in the Contract Loan Request and the Truth in Lending Disclosure Statement that is provided at the time of loan initiation. Currently, the interest payment can range from 0% to 4.0%, from which a portion is used to pay for loan administrative and maintenance fees. The remainder is credited to your plan balance.

A Market Value Adjustment fee may be charged to participant plan accounts for transfers or withdrawals from the Fixed Account under certain market conditions. Transfers or withdrawals from the account require Lincoln to sell investments backing those assets. The sale of those investments may result in a loss of earnings and is charged to the participant account.

Plan fees and expenses

This section provides an explanation of fees and expenses for general plan administrative services, if any, that may be charged to or deducted from all individual accounts and are not reflected in the total annual operating expenses of any designated investment alternative. For example, the plan may incur general administrative expenses each year to cover services related to the operation of the plan (e.g., legal, accounting, recordkeeping, trustee fees, and Registered Investment Advisor fees). Where applicable, the plan may charge a portion of these expenses to participant accounts if the expenses are not paid by the plan sponsor or from revenue sharing payments the plan receives from plan investment options. These expenses will appear on your quarterly retirement statement, if applicable.

Additionally, an explanation of any fees and expenses that may be charged to or deducted from the individual account of a specific participant based on the actions taken by that person are described below. The dollar amount of fees and expenses that are actually charged to a participant's account during the preceding quarter will be reflected on the participant's quarterly retirement statement.

This section is not applicable to your plan.

Comparative chart summary
This section is comprised of three charts:

- Chart 1
- Variable return investments chart
 - comprised of performance information for plan investment options
 - illustrates the past performance of the investments with the benchmark field
- Chart 2
- Fixed return investments chart
 - displays those funds with a fixed rate of return
- Chart 3
- Fees and expenses chart
 - displays the fees and expenses you will pay if you invest in a particular option

STATEN ISLAND HOSPITAL PLAN investment options comparative chart

Chart 1 – Variable return investments

Chart 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. The chart illustrates how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods.

Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information regarding an option's principal risks is available at LincolnFinancial.com.

| Chart 1 - Variable return investments | | | | |
|---------------------------------------|--|-------|--------|-----------------|
| Investment options | Average annual total return as of March 31, 2023 | | | |
| | 1-yr. | 5-yr. | 10-yr. | Since inception |

This section is not applicable to your plan.

Chart 2 – Fixed return investments

Chart 2 focuses on the performance of investment options that have a fixed or stated rate of return. The chart displays the credited rate of return of each such option, the term or length of time that you will earn this rate of return, and other information relevant to performance.

Chart 2 - Fixed return investments

| Investment options | Rate Type | Return | Term | Effective date |
|--------------------|----------------------------------|--------|------------|----------------|
| Group Fixed | | | | |
| | New money rate | 3.50 | Quarterly | 03/31/2023 |
| | Portfolio rate | 0.00 | Quarterly | 03/31/2023 |
| | Guaranteed minimum interest rate | 3.50 | 1 - 99 yrs | --- |

Lincoln reserves the right to adjust the fixed or stated rate of return prospectively during the term of the contract or agreement. The most current rate of return is available at 800-341-0441.

If the Guaranteed Minimum Interest Rate listed above is higher than the Portfolio rate and/or the New money rate, Lincoln's Guaranteed Minimum Interest Rate will be the actual rate credited to your account.

Chart 3 – Fee and expense information

Chart 3 displays fee and expense information for the investment options listed in the prior two charts (Chart 1 and Chart 2). It indicates the total annual operating expenses of the options in Chart 1. Total annual operating expenses are expenses that reduce the rate of return of the investment option. This chart also shows shareholder-type fees, if applicable. These fees are in addition to total annual operating expenses.

| Chart 3 - Fees and expenses | | | | | |
|---------------------------------|---------------------------------|------------|------------------------|------------|--|
| Investment option | Total annual operating expenses | | Net operating expenses | | Shareholder-type fees and transfer-type restrictions |
| | As a % | Per \$1000 | As a % | Per \$1000 | |
| Fixed return investments | | | | | |
| Group Fixed | 0.00% | \$0.00 | 0.00% | \$0.00 | --- |

Frequent trading policy: Transactions associated with market timing – such as frequent, large, or short-term transfers among investment options – can affect the underlying funds and their investments. Lincoln therefore reviews the number of transfers that a participant makes within given periods of time to determine if any transfer attempts to capitalize upon short-term movements in the equity markets (Market Timing Policy). If so, the participant's transfer activity will be subject to further scrutiny. Potential market timing or frequent trading may result in future trading restrictions, up to and including temporary (or permanent) revocation of telephone exchange privileges.

A Market Value Adjustment may apply.

Total annual operating expense: Expenses that reduce the rate of return of the investment option.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. For an example of the long-term effects of fees and expenses on your retirement account, visit the Department of Labor website at <https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf>. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to consider whether an investment in a particular option, along with your other investments, may help you achieve your financial goals.
