

Don't get left behind

Analytics have transformed transportation. Are you keeping up with the competition? Industry-leading freight rate analytics from DAT is your ticket to the fast track.

The OLD way

Uncertainty

Volatile markets lead to guesswork with bids, quotes, and planning.

Reactive

Responding to market changes after the fact.

Boom and bust

Exposed to volatile market swings that affect profitability.

Manual processes

Labor-intensive research and market analysis.

The NEW way

Confidence

Real-time analytics for smarter decisions and accurate forecasts.

Proactive

Anticipate changes to protect profits and unlock opportunity.

Sustained growth

Maximized margins informed by competitive intel.

Streamlined operations

Instant insights in pricing, capacity, and trends.

Supercharge your freight brokerage with deep truckload insights from DAT iQ.
