

## **Mike Stalnaker**

### **Sr. Director, Platform Engineering & Operations**

Mike Stalnaker serves as the Senior Director of Platform and Operations at DAT Freight & Analytics where he leads the Platform, Site Reliability, and NOC initiatives.

With over 40 years of experience spanning retail, travel, e-commerce, finance and defense and intelligence systems, Mike has a proven track record of increasing developer productivity while constantly improving site stability, reliability and incident management. At DAT, Mike is leading the transformation of the core Platform Infrastructure foundational to the company's evolving product line. Additionally he leads the company's efforts to continually improve system up time, incident response and mitigations times using industry best practices.
