Andrew Duke

Sr. Director, Product

Andrew Duke is the Senior Director of Product at DAT Freight & Analytics, where he leads the product management teams responsible for DAT's enterprise and analytics solutions. He oversees product strategy and lifecycle management, ensuring the company's tools continue to meet the evolving needs of carriers, brokers, and shippers.

Andrew brings over 20 years of experience in product leadership across enterprise software, retail, education, and travel. Prior to DAT, he served as VP of Product Management & GM at DISQO, leading product, design, and analytics for a two-sided marketplace. He also held senior roles at Oracle, Nordstrom, and Nerdy, where he delivered customer-focused innovations that drove significant business growth.

He holds a Master of Management Science and a Bachelor of Computer Science from the University of Waterloo.

Our leaders represent our core values and are on a mission to improve lives through supply chain innovation. Learn more at DAT.com.
