

NEW COLORS, STYLES & INSERTS FOR 2025

We're expanding our popular line of self-watering AquaPots® Lites with the addition of Phoenix to our Legacy Stone collection. High-end resin and volcanic ash composite planters provide a lightweight, affordable option. The Classic AquaPots Insert works in conjunction with our entire line of AquaPots Lite collection, in addition to gardener's existing containers to make them self-watering. For 2025, we're adding two additional sizes of AquaPots Lite inserts. These are designed to fit popular container sizes that gardener's utilize (they currently do not fit any AquaPots Lite containers).

**PW** **AQUAPOTS** LITE  
 PROVEN WINNERS™ WATERING MADE EASY™

The Classic AquaPots Insert works in conjunction with our entire line of AquaPots Lite collection, in addition to gardener's existing containers to make them self-watering. For 2025, we're adding two additional sizes of AquaPots Lite inserts. These are designed to fit popular container sizes that gardener's utilize (they currently do not fit any AquaPots Lite containers).

**Save water. Save soil.**

AquaPots Lite use 75% less water and 50% less soil than similar pots on drip irrigation.

**Lightweight & durable.**

Makes moving and planting easy.

The convenience of a self-watering pot with the look and feel of ceramic, stone and concrete.

**Never overwater your plants again!**

The overflow grooves ensure your plants won't drown, even after a heavy rain. NEW for 2025 - all inserts will come with a Water Indicator.
