bring nature inside®

Also known as the green shield plant, it is commonly found in regions including Borneo, Thailand, Peninsular Malaysia, Sumatra, and Vietnam. *Schismatoglottis* typically thrives in shaded, damp forest floor environments.

### LIGHT

Medium to bright indirect light

### WATER

Evenly moist but not soggy, dramatic wilt if dry, but forgiving

### FERTILIZER

Feed once per month at half strength when plant is actively growing in spring and summer. When days get shorter, reduce fertilizer and water.
