

Series 44NEZ Smoke & Acoustical Ceiling Pathway

EZ Path® Series 44NEZ Smoke and Acoustical Pathway Ceiling Kit is a factory manufactured cable pathway solution for cabling penetrations in non-fire-rated ceilings. EZ Path® Series 44NEZ is a maintenance-free cabling solution that allows from 0 to 100% visual fill of cables while maintaining exceptional smoke and acoustical ratings.

Features & Benefits

- Matches the cable capacity of the EZ-Path Series 44+
- Installs as a single pathway or gangs of three devices
- Allows for easy moves, adds, and changes
- White color to blend with most ceilings

Cable capacity equivalent to EZ Path® Series 44+ Fire Rated Pathway
