Series 22 Fire Rated Pathway
(Part Number: EZD22)

EZ Path®
Fire-Rated Pathway

Optional Ground Attachment
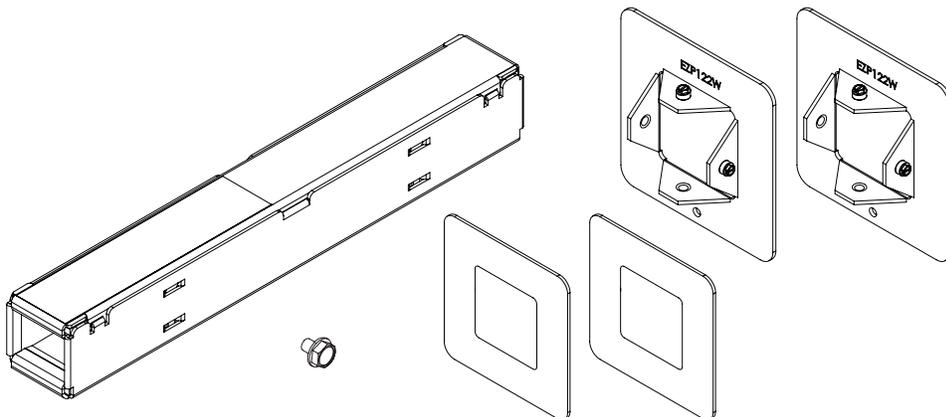

Parts Included (Not to Scale)

## New Work Installations

1

EZP122W
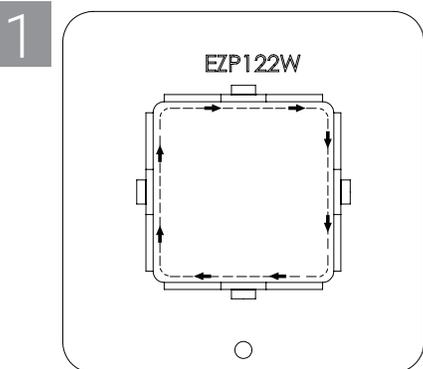

Cut nominal 2" (52 mm) diameter opening in wall. For rectangular openings, inside opening of wall plate may be used as a template.
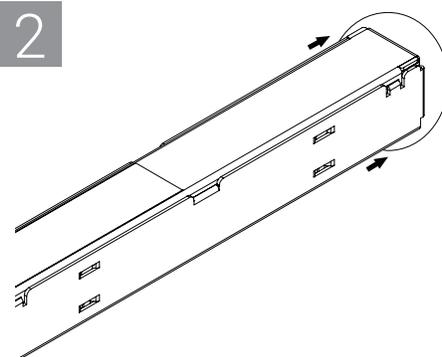

2

Slide pathway into opening with ends projecting equally from wall surfaces.

3

EZP122W
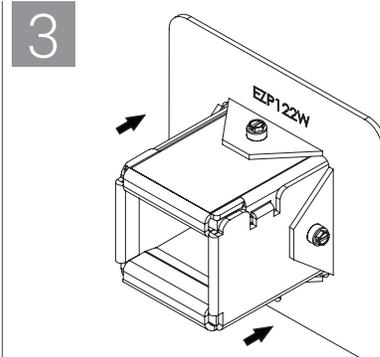

Slide plate and gasket around pathway on both sides of wall.

4

EZP122W
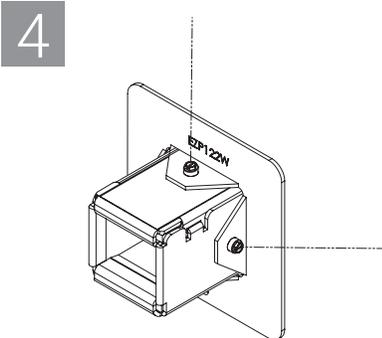

Fasten plate onto pathway using any standard slotted screwdriver, 1/4" open-end or closed-end wrench, or 1/4" nut driver.

Note: For more information on firestop installation, refer to ASTM E3157.
