

# EZ-Path<sup>®</sup> Series 44+ T-Rating Kit

Now you can meet those difficult code requirements for equal F & T Ratings while maintaining the simplicity and ease of use that the EZ-Path<sup>®</sup> System was designed to provide. Installed around the EZ-Path<sup>®</sup> Grid System, this innovative wrap product provides up to 2 hour F & T Ratings! Secured in place with easy Velcro<sup>®</sup> Brand fasteners, this lightweight wrap installs and uninstalls in just minutes, providing easy access to protected cables. The EZ-Path<sup>®</sup> T-Rating Kit is the perfect code-compliant solution for vertical cable penetrations.

## Features & Benefits

- Fast and easy installation - ready to install... no cutting, no fabrication
- Easy Retrofitting - Velcro<sup>®</sup> Brand fasteners make cable changes a snap
- Zero Maintenance
