

# Cast-In Tub Box

The Cast-In Tub Box creates an open space for plumbing piping on the top surface of your concrete floor. The Tub Box combines with the 2" (50.8 mm) & 3" (76.2 mm) Cast-In Device and eliminates the need for core drilling or additional firestopping.

## Features & Benefits

- Partners with 2" (50.8 mm) & 3" (76.2 mm) SpecSeal® Cast-In Device
- Easily installs directly to concrete forms
- Installs in concrete floors as thin as 4-1/2" (114.3 mm)

SpecSeal® Cast-In Device sold separately
