FACTORY-MANUFACTURED FIRESTOP COLLARS

EXC Intumescent Firestop Collars

The Smarter Solution for Large-Diameter Pipe Firestopping

Why EXC? When firestopping large-diameter nonmetallic pipes, most solutions require field assembly using multiple products, accessories, and guesswork. The SpecSeal® EXC changes the game; it's the only factory-assembled collar for 16" (406 mm) and 18" (457 mm) pipes, delivering speed, simplicity, and confidence right out of the box.

Built to Perform

- Factory-Assembled: No wrap strip measuring, cutting, or layering on site
- Steel Collar + Intumescent Wrap: Preloaded and ready to install
- Rapid Expansion: Intumescent material expands up to 60x to seal off fire, smoke, and heat
- Certified Protection: UL Certified; tested to ASTM E814 (UL 1479)
- Fire Ratings: Up to 2 hours in approved configurations

Features & Benefits

- Only out-of-the-box solution for large-diameter pipe firestopping
- Eliminates on-site assembly—saves time and money
- Preassembled design helps reduce contractor risk
- Installs quickly with standard tools
- Durable and water-resistant
- Expands up to 60x for reliable firestopping performance
