

EZ Path® Series 44+ Split Floor Plate Kit

The EZ Path® Series 44+ Split Floor Plate kit is designed to allow a single Series 44+ Pathway to be installed in a 6 in (153 mm) round opening or a 4 -1/8 x 4-5/8 (105 x 118 mm) opening. Split plate is designed to permit use with previously installed cables. The Series 44+ Split Floor Plate has been tested in floor penetrations with F Ratings up to 2 hours.

Features & Benefits

- Tested in Concrete Floors for up to 2 hour F-Rating
- Sized to fit a 6" (152 mm) core drilled opening or flush sleeve
- Split galvanized steel plate for new construction applications
- Secured with concrete screws
