

EZ Path® Series 44+ Modular Floor Grid System

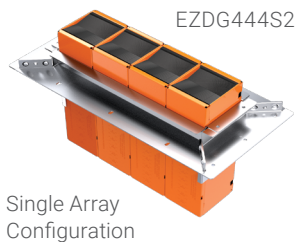

The Series 44+ Modular Floor Grid System is a bolt-on drop-in solution for cable riser applications in fire-rated floors. The Series 44+ Modular Floor Grid System supports maximum cable density utilizing minimal space allowing designers to reclaim floor space in congested Telecommunication Rooms. Sturdy steel grids mount one or two banks of pathway modules into built-in slots. Firestop panels cover the unused slots and can be removed to add additional pathway module banks, enabling ICT professionals to scale their cable capacity along with their cabling needs. The Modular Floor Grid System meets ASTM E814, ANSI/UL1479, and CAN/ULC-S115 and is Certified by UL as a firestop device for up to 3 hours.

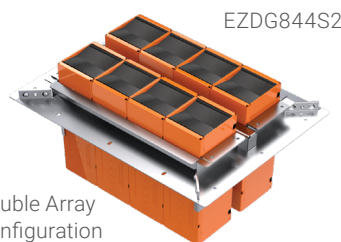

Features & Benefits

- Maximum cable capacity in smallest footprint possible
- Robust construction, built to survive the rigors of the jobsite
- Add banks of 4 devices as needed, matching pathway capacity to cabling demand
- Single slot - Includes 4 EZ Path® devices and a floor frame OR a firestop filler panel with a floor frame covering the unused slots
- Two-slot - Includes 8 EZ Path® devices and a floor frame OR a firestop filler panel for covering the unused slots
- Installed in banks of four and eight to provide cabling systems room to grow

The Modular Grid System is designed to match the cable pathway needs. The following configurations and accessories are available:

Single Array Configuration

Double Array Configuration

Splice Plate Connects Multiple Single Array Configurations

Ordering Information

SINGLE-SLOT MODULAR FLOOR GRID

Catalog Number	UPC Number	Description	(UOM) Qty.	Case Qty.	Weight (Each)
EZDG444S2	730573001103	Single Bank Floor Grid Four (4) Devices with floor frame	1	1	37.40 lbs (16.96 kg)
EZG444	730573001004	Floor Frame Only	1	1	11.40 lbs (5.17 kg)

TWO-SLOT MODULAR FLOOR GRID

Catalog Number	UPC Number	Description	(UOM) Qty.	Case Qty.	Weight (Each)
EZDG844S2	730573001110	Dual-slot Frame Kit w/8 Pathways (includes eight (8) Series 44+ devices)	1	1	65.90 lbs (29.89 kg)
EZG844	730573008447	Dual-slot Frame for Eight (8) Pathways	1	1	16.25 lbs (7.37 kg)

SPLICE PLATE KIT

Catalog Number	UPC Number	Description	(UOM) Qty.	Case Qty.	Weight (Each)
EZG444CP	730573004494	Floor Grid Splice Plate Kit – includes plate and gasket	1	1	2.10 lbs (0.95 kg)
