

Wind/Hailstorm Deductible Buy Back (WDBB) Program

BROKERAGE

BINDING

PROGRAMS

Breckenridge Insurance team provides tailored options for WDBB to lessen the insured's expense exposures.

As commercial property risks are not one size fits all. Under this separate policy, the insured can reduce the deductible to a lower percentage or flat rate on a primary wind policy in effect. This attractive solution gives flexibility where needed, particularly in coastal areas and those likely to experience weather related events. This program is available in all 50 states.

Covered Classes

- Office
- Retail
- Multifamily

Coverages

- Windstorm & Hurricane exposures for property in coastal areas and inland/non-coastal areas within the USA

Submission Criteria

- ACORD and/or Excel spreadsheet with all COPE information

Features

- Flexibility
- Competitive rates, no minimum premiums
- Experienced underwriting team
