

United
Therapeutics
Cares®

Get support right
from the start.

United Therapeutics Cares is with you from day one of your treatment for pulmonary hypertension. A Patient Navigator, your single point of contact, will reach out to help guide you.

Support starts with our call.

Scan the code to add our information to your contacts so you'll know when your Patient Navigator is calling.

Your Patient Navigator is dedicated to helping with:

Stay connected with your team.

Work with your Patient Navigator to begin filling out the fields below and keep track of your plan details. During your call, ask your Patient Navigator about potential financial assistance options that may be available if you're eligible.

Patient Navigator:

Phone number: 1-844-864-8437

Prescribing physician:

Medication:

Speciality Pharmacy:

Specialty Pharmacy Nurse:

Phone number:

Expect monthly calls to coordinate your refills.

Medication notes:

Questions for your Patient Navigator:

Help is here.

Find support when and where
it can help most.
