United Therapeutics Corporation Cookie Notice

Introduction

This Cookie Notice describes how United Therapeutics Corporation and its subsidiaries (together, "UTC", "we", "us", or "our") may use cookies to collect, use, and disclose your personal information when you interact with our websites, apps, and other online services ("**Sites**").

You can use our consent management tool by clicking cookie preferences or the cookie icon in the footer of our websites to accept or refuse our use of cookies and other trackers by category or individually, except for the essential technologies.

See our Privacy Notice for more information on how we process your information.

Types of Cookies and Similar Technologies

We and the third parties that we authorize may use:

A. Cookies, which are a type of technology that install a small amount of information on a user's computer or other device when they visit a website. Some cookies exist only during a single session and some are persistent over multiple sessions over time.

B. Pixels, web beacons, and tags, which are types of code or transparent graphics. In addition to the uses described below, these technologies provide analytical information about the user experience and help us customize our marketing activities. In contrast to cookies, which are stored on a user's computer hard drive, pixels, web beacons, and tags are embedded invisibly on web pages.

C. Session replay tools, which record your interactions with the Sites, such as how you move throughout the Sites and engage with our webforms. In addition to the uses described below, this information helps us improve the Sites and identify and fix technical issues visitors may be having with the Sites.

D. Embedded scripts and SDKs, which allow us to build and integrate custom apps and experiences on the Sites.

We refer to these technologies as "Cookies" in this Cookie Notice.

Purposes for Using These Technologies

We and authorized third parties use these technologies for various purposes including personalization, improving site performance, analytics, advertising, and security. These

technologies may collect both personal information (such as IP address and device identifiers) and non-personal information (like website settings).

List of Cookies Used on the Sites

Depending on which website you access on our Sites, we may use the following categories of Cookies.

Essential Cookies

Essential Cookies enable the proper functioning of the Sites, including ensuring the Sites are secure.

Analytics Cookies

Analytics Cookies help us understand how the Sites perform, how visitors interact with the Sites, and whether there may be technical issues.

Targeted Advertising Cookies

Targeted Advertising Cookies are used to deliver advertising that is more relevant to you and your interests. They also may be used to limit the number of times you see an advertisement and measure the effectiveness of advertising campaigns.

Personalization Cookies

Personalization Cookies allow the website to remember choices you make (such as your username, language, or the region you are in) and provide enhanced, more personal features.

For a detailed list of the Cookies we use on the Sites, please open our consent management tool by clicking cookie preferences, or the cookie icon, in the footer of our websites. Within our consent management tool, click “View Disclosures” under each category to review the Cookies of that category that we employ. Please note that the Cookies we use may differ from website to website, and you should review the list of Cookies on each website.

What Third-party Companies Are Using Cookies on the Sites?

As indicated above, the Sites use Cookies from third-party companies.

In this context, UTC may act as a joint data controller for the collection and transmission of data to the third-party companies but only to the extent that it is technically necessary. Beyond the collection and technical transmission, UTC does not have any control over third-party Cookies.

In particular, UTC is not responsible for the sharing, the publications, comments or any other contents and any other data processing activities of the third-party websites.

UTC recommends that you review the privacy policies and the terms of use of these third-party companies before accepting third-party Cookies. For example, we use Google Analytics to help us improve the user experience. Google Analytics may use Cookies to perform its services. To learn how Google Analytics collects and processes data, please visit: "How Google uses data when you use our partners' sites or apps" located at www.google.com/policies/privacy/partners.

Managing Your Preferences

Most browsers are set by default to accept Cookies. However, you can set up your browser so that Cookies cannot be placed on your device.

If you wish to receive a notification when the browser receives a Cookie request, refuse all Cookies or accept only certain Cookies, most browsers allow some control of Cookies through browser settings. If you reject Cookies, you may still use the Sites, but your ability to use some areas of the Sites may be limited.

To change your Cookies settings on your browser, please click on the relevant link below:

- Apple Safari
- Google Chrome
- Microsoft Edge
- Mozilla Firefox

You can also use our consent management tool by clicking cookie preferences or the cookie icon in the footer of our website to accept or refuse our use of cookies and other trackers by category or individually, except for the essential technologies.

Additionally, we recognize and respond to the Global Privacy Control (GPC) signal when legally required, and in some cases, voluntarily. If your browser or device transmits a GPC signal, we will treat it as a valid opt-out of the sale or sharing of your Personal Information for cross-context behavioral advertising, consistent with applicable law, including the California Consumer Privacy Act (CCPA/CPRA). You can enable GPC through supported browsers or browser extensions; more information is available at globalprivacycontrol.org.

United Therapeutics Corporation Cookie Notice

GPC signals are processed at the browser or device level and apply to the specific browser or device from which the signal is sent. If you use multiple browsers or devices, you will need to enable these signals on each one separately.

We do not currently respond to “Do Not Track” browser settings or similar mechanisms.

Contact Us

If you have questions, concerns, or requests about this Cookie Notice or our privacy practices, or wish to contact the privacy officer or data protection officer for your country or region please, email us at privacyoffice@unither.com or call us at 1-877-864-8437.

If you are located in the EEA or the UK you may contact our designated representative located at Unit 3 - Harcourt Centre, Harcourt Road, D02 A339 Dublin 2 and can be contacted at the following email address: UTdataprotectionrep@mazars.ie.
