Benchmark Gensuite
Sustainability Reporting Software
Ditch Your Spreadsheets for Data Made Easy

BENCHMARK GENSUITE®

Meet Your Digital Enterprise Sustainability Reporting Software Solution

Ditch the spreadsheets and shift to a smarter, streamlined data compilation method with Benchmark Gensuite digital sustainability software solutions.

Audit-Ready Accuracy
Ensure data quality and be prepared for third-party verification.

Instant Insights
Utilize advanced analytics for real-time visibility into performance targets, making progress tracking a breeze.

Easy Disclosure
Sustainability performance data at the click of a button (CDP, GRI, Scope 3, E.U. CSRD, U.S. SEC, etc.).
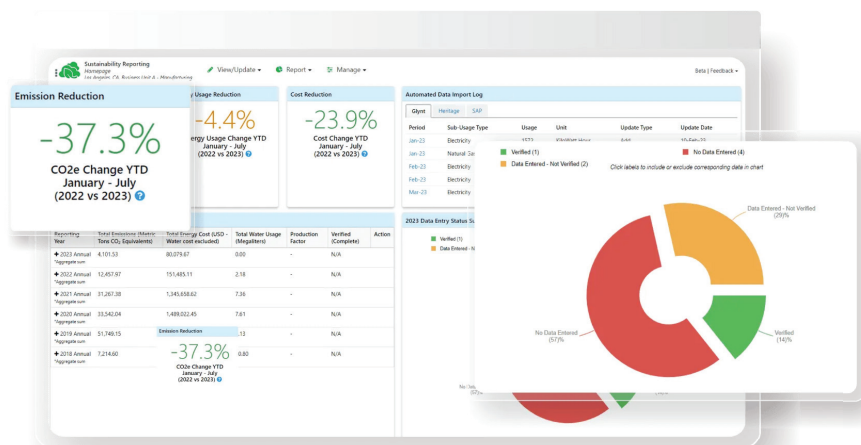

Simplify Your Sustainability Management Program and Drive Performance Improvements

Traditional data management programs based on spreadsheets and emails lead to significant inefficiencies and errors in the complex and multi-faceted sustainability reporting process. Compliance obligations and external disclosures demand more rigorous, traceable, and timely data, with quick access to decision-critical performance insights.

Best-in-Class Benchmark Gensuite Support

▶ Out-of-the-box library of metrics and emission factors - ready to use based on best practices

▶ Rapid roll-out and deployment with ongoing support from a dedicated global team

▶ Expert advisory and data automation services on request!
