Benchmark Gensuite
SDS System
Simplify Hazard Communications and Chemical Management

BENCHMARK GENSUITE®

Discover What
SDS System Can Do For You

The only tool you need for your chemical management
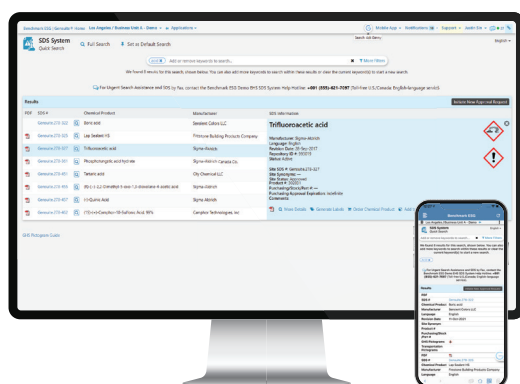

- Up-to-date repository of 200,000+ SDSs, with Globally Harmonized System (GHS) content for over 30,000chemical products

- Intuitive search on desktop and Mobile, with key SDS content transcribed and consistently formatted

- Content maintenance services for automatic SDS updates and on-demand search/fetch requests

- Container & shipping labels, now integrated with Avery Design & Print Wizard, including precautionary & hazard statements

- Non-English interfaces and content transcription services for global deployment

- Site-approved list with configurable Chemical Approval Workflow for request management

- Chemical safety program tools for regulatory list reporting and analysis

- Intelligent integrations with Benchmark solutions for EHS and Product Stewardship processes

- Chemical inventory extension for tracking requests from procurement to disbursement and use/disposal

Does your company handle hundreds, even thousands of hazardous chemical product materials everyday? What is the smartest way to manage high volumes or changes in chemical products and ensure compliance with Hazard Communication requirements (HazCom)?

With a high-quality repository of SDSs, total service support and mobile and Non-English capabilities, Benchmark SDS is the proven tool that you need to manage hazardous chemicals efficiently and effectively.

Create chemical labels integrated with QR codes for instant access to SDSs

Generate QR codes to designate inventory tracking with integrated container and shipping labels – now equipped with chemical product labeling options from Avery Design & Print Wizard

Manage safety
Processes with Benchmark Gensuite

With over 15,600+ users across diverse industries using the Benchmark Gensuite SDS System every day, companies have a proven and reliable tool to smooth the HazCom-compliance transition.

Business Profile

- Global Pharmaceutical Company
- 9,000 employees & 23 sites
- 8,000 chemical products in approved inventory

Business Needs

- Easy way to lookup SDSs via mobile device
- Visibility to all GHS information listed on secondary labels

Benchmark Results

- SDS System setup and launched in 4 weeks at 23 global locations
- 8,000 SDSs uploaded in 6 weeks
- Benchmark team worked with the company to add enhanced SDS functionality by optimizing secondary container label mobile QR codes & customizing their system to meet specific business needs.

Winner of the 2017 OH&S New Product of the Year award

BENCHMARK GENSUITE
SDS - AVERY® LABELS INTEGRATION

Create and print Globally Harmonized System (GHS) compliant labels on-demand

Benchmark Gensuite SDS is integrated with Avery® designed label templates to generate custom labels with pre-populated data from the SDS application module. Leveraging the Avery® Design & Print Wizard, conveniently pull in Chemical Product Name, Manufacturer Name, GHS Pictograms, Hazard & Precautionary Statements, and more, to print customized labels directly from your desktop or mobile device.

Out-of-the-box templates for HMIS, NFPA & GHS via two chemical product labeling options:

- Benchmark Gensuite Standard Avery labels
- Avery Design Print Online

SDS Label Printing Made Easy with Benchmark Gensuite and Avery®

- Choose a Template
- Choose a Design
- Customize
- Preview & Print
