## Concern Reporting In Action:

### Track Concerns & Identify Trends

Engage all employees in the reporting of concerns through easy-to-use, open-access forms. Assign key issues for additional investigation. Identify systematic trends and leading indicators using charting and reporting features.

### Flexible Integrations

Escalate concerns to other Benchmark Digital applications for further follow-up while enabling anonymous reporting of concerns and near misses. Work seamlessly with your global team using multilingual options.

### Enhance with Powerful Technology

Look-up GPS coordinates of a concern to visualize concern hot-spots and distribute QR codes company-wide to allow employees to submit concerns with one simple scan on their devices.
