VEHICLE:
2017 Infiniti QX80
28,000 miles (45,062 km)

PROBLEM

The vehicle had never had an oil change, extremely low oil pressure, sludge buildup, and oil cooler sludge buildup.

SOLUTION

The BG Dynamic Engine Restoration Service: a powerful, safe engine and fuel system cleaning service.

Features

- Removes oil sludge and varnish
- Restores compression
- Harmless to oil pumps, seals, and gaskets

Benefits:

- Lowers tailpipe emissions
- Reduces oil consumption
- Improves overall power and engine efficiency
